MOSQUITO CONTROL

THE NEXT GENERATION OF SAFER, NON-TOXIC MOSQUITO CONTROL

Tough on bugs -

Mosquito Control is the next generation in pest control. The highly advanced, highly effective and completely safe formula quickly gets rid of mosquitos, black flies, gnats, no-see-ums and most household flying pests. Kills now, keeps killing for weeks!

Easy on you -

Mosquito Control is non-staining, odorless in normal usage, natural, non-toxic, non-flammable and completely biodegradable; it's safe to use around the home, pets, plants, kids and more!

Easy on our planet -

Mosquito Control is totally biodegradable, totally non-toxic, totally non-flammable, totally effective on flying insects, larva and egg masses to kill now and mitigate re-infestation!

Directions: Shake well, spray liberally on the areas, plants and surfaces where you have found mosquitos or flies paying particular attention to standing water and likely breeding areas. For complete area or yard mosquito control be sure to spray the underside of vegetation. Do not wipe or dry the product after using; allow the product to remain in place. Even when dry *Mosquito Control* continues to protect you and your space. *Mosquito Control* is a minimum risk pesticide. Do not spray on electrical outlets or live parts. Keep away from children and use good industrial hygiene when handling this product.

Active Ingredients: Sodium lauryl sulfate 1.125%, sodium chloride 0.094%, potassium sorbate 0.11% **Inactive ingredients:** 98.67% include purified water, sugars, yeast. This product is a non-toxic, FIFRA-25b exempt insecticide. Not to be taken internally; non-flammable. All ingredients are GRAS.
