Subject: Label Notification(s) for Pesticide Registration Notices 1998-10

Dear Mr. Kellogg:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 1998-10 adding an alternate brand name for:

**EPA Registration 83923-7
Averthor Granular Ant Bait (alt. Abathor Fire Ant Bait)
submitted 4/26/2010 (D# 433884)**

The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The label has been date-stamped "Notification" and will be placed in our records.

Sincerely yours,

A handwritten signature in black ink, appearing to be "TCH" or similar initials.

Thomas C. Harris

RE: Ensystex IV, Inc. – Averthor Granular Ant Bait (EPA Reg. No. 83923-7)
Notification of an Alternate Brand Name per PRN 98-10

Dear Mr. Davis,

On behalf of Ensystex IV, Inc., please find the enclosed notification of an alternate brand name for Averthor Granular Ant Bait (EPA Reg. No. 83923-7). The alternate brand name is “Abathor Fire Ant Bait”.

The proposed alternate brand name is shown on the attached label (pg.’s 5 and 6) as this is the fire ant control directions sublabel.

In support of this alternate brand name notification, please find the following:

- 1. Application for Pesticide Registration (EPA Form 8570-1)
- 2. One (1) copy of the Abathor Fire Ant Bait label with changes tracked.
- 3. One (1) copy of the Abathor Fire Ant Bait label with changes incorporated

Please feel free to contact me if you have any questions or need any additional information.

Regards,

Michael Kellogg

Enclosures

cc: David Nimocks, Ensystex IV, Inc.

NOTIFICATION

AUG 09 2010

AVERTHOR GRANULAR ANT BAIT

Kills the following species of ants: Acrobat, Argentine, Bigheaded, Crazy, Field, Lasius, Little Black, Pavement, Odorous House and Thief.

For use in and around Homes, Residential Areas, Commercial and Other Structures, Non-Food/Feed Areas of Commercial Buildings, Warehouses, Hotels, Food Storage Areas, Inedible Product Areas of Meat Packing Plants, Motels, Schools, Supermarkets, and Non-Occupied Patient Areas of Hospitals and Nursing Homes, Golf Courses, Parks, Lawns and Turf.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Do not contaminate kitchen utensils with this product. Pets may be attracted to this product.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

AVERTHOR Granular Ant Bait is a ready to use product for use in controlling numerous ants both indoors and outdoors. This bait formulation combines a mixture of foods and the delayed action insecticide, abamectin. This insecticide acts to reduce the population of worker ants and can cause colony elimination. Do not use other insecticides or sprays on or near this product.

OUTDOORS

BROADCAST APPLICATION: Use this product at a rate of 1 lb. per acre (or 8 oz. per 1/2 acre). This is equivalent to approximately 1.8 ounces per 5000 sq. ft., or 0.4 ounces per 1,000 sq. ft. (One tablespoon equals approximately 0.3 oz. of bait.) Apply the product as uniformly as possible. Repeat application as necessary.

AROUND STRUCTURES: Lightly sprinkle the product evenly in a band approximately 1-2 feet wide around the foundation of the building at a rate of 0.3 oz. (1 tablespoon) per 100 lineal feet. Treat visible trails with approximately 1 ounce (3 tablespoons) of product. Repeat application as necessary.

INDIVIDUAL COLONY TREATMENT: Use 1.5 to 3 ounces (5 to 10 tablespoons) of product per colony. Repeat application as necessary.

INDOORS

LOCATE ANT ACTIVITY: Follow ants back to voids. Apply product to cracks and crevices or voids where ants are active. In heavily traveled sites use up to 1.5 ounces (3 tablespoons) of product. Use a large Centrobull puffer or other appropriate application device to place the product into crevices or voids. Repeat application as necessary.

Do not use in the food/feed areas of food/feed handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are defined as those areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held. Non-food areas are defined as areas such as garbage rooms, lavatories, floor drains (to sewers), entries, and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

When applying this product in the home, all food processing surfaces and utensils must be covered during treatment or thoroughly washed before use. Exposed food must be covered or removed.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Consult Federal, State or local disposal authorities for approved alternative procedures.

STORAGE: AVERTHOR Granular Ant Bait may be attractive to rodents and domestic animals. Store in a cool, secure, dry space. To maintain maximum effectiveness, close container tightly after use and use within 5 months after opening.

CONTAINER DISPOSAL:

If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

IMPORTANT READ BEFORE USE

NOTICE: Read the entire Directions for Use, Conditions of Sale, Disclaimer of Warranties and Limitations of Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

CONDITIONS OF SALE: The Directions for Use of this product are believed to be adequate and must be followed carefully. However, because of manner of use and other factors beyond the control of ENSYSTEX IV, Inc., it is impossible for ENSYSTEX IV to eliminate all risks associated with the use of this product such as ineffectiveness or unintended consequences. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold ENSYSTEX IV harmless for any claims relating to such factors.

DISCLAIMER OF WARRANTIES: Seller warrants that this product conforms to the chemical description in the label and is reasonably fit for the purposes stated on the Directions for Use when used in accordance with the Directions for Use under normal conditions of use. ENSYSTEX IV MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, NOR ANY OTHER EXPRESS OR IMPLIED WARRANTIES WITH RESPECT TO THE SELECTION, PURCHASE, OR USE OF THIS PRODUCT THAT EXTEND BEYOND THE STATEMENTS MADE ON THIS LABEL. Any warranties, express or implied, having been made are inapplicable if this product has been used contrary to label instructions, under abnormal conditions or under conditions not reasonably foreseeable by (or beyond the control of) seller or ENSYSTEX IV, Inc., and buyer assumes the risk of any such use.

LIMITATIONS OF LIABILITY: To the extent consistent with applicable law, ENSYSTEX IV shall not be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF ENSYSTEX IV AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF ENSYSTEX IV, THE REPLACEMENT OF THE PRODUCT.

This Conditions of Sale and Limitation of Warranty and Liability may not be amended by any oral or written agreement.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Do not contaminate kitchen utensils with this product. Pets may be attracted to this product.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

ABATHOR Fire Ant Bait is formulated in an oil bait that functions as an attractant to Fire ants. ABATHOR Fire Ant Bait is a stomach insecticide which acts to reduce ant workers. The bait is also passed by the workers throughout the ant colony and eventually to the queen. Apply when ants are actively foraging. This is typically when soil temperatures are greater than 60°F (15°C) or consult your State Agricultural Experiment Station or State Extension Service for optimum timing of application. In cases where re-infestation occurs or when very large mounds remain active, re-treat as necessary.

OUTDOORS

Apply after dew or rainfall has dried for maximum effectiveness. Do not apply if rainfall is anticipated within 4 to 6 hours after application.

BROADCAST APPLICATION: Apply ABATHOR Fire Ant Bait as evenly as possible to turf, lawns and non-crop areas at a rate of 1 lb. of bait per acre (0.4 oz. of bait per 1000 sq. ft. or 1.8 oz. of bait per 5000 sq. ft.).

INDIVIDUAL MOUND TREATMENT: Use 1.5 to 2.1 ounces (5 to 7 tablespoons) of ABATHOR Fire Ant Bait per mound. Apply the bait as evenly as possible over the mound and for a distance of approximately 2 feet out from the base of the mound. Do not contaminate kitchen utensils with this product.

LIMITATIONS: Do not use in pastures, range-land, or croplands.

INDOORS

Do not use in the food/feed areas of food/feed handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are defined as those areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held. Non-food areas are defined as areas such as garbage rooms, lavatories, floor drains (to sewers), entries, and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

When applying this product in the home, all food processing surfaces and utensils must be covered during treatment or thoroughly washed before use. Exposed food must be covered or removed.

LOCATE ANT ACTIVITY: Follow ants back to voids. Apply bait to crevices or voids where ants are active. Use up to 1.5 ounces (5 tablespoons) per treatment site in a heavily traveled area. Use less in

areas with less activity or if the treatment site will not hold that much. Use a large Centrobulb puffer or other appropriate application device to place bait in crevices or voids. Enlarging the void's opening may be required. Repeat as necessary. Do not contaminate kitchen utensils with this product.

TO TREAT PLUMBING VOIDS WITH KNOWN ANT ACTIVITY: Obtain access to void and place up to 1.5 ounces (5 tablespoons) inside the plumbing void. Place bait where it will remain dry. Repeat as necessary. Do not contaminate kitchen utensils with this product.

UTILITIES (such as above ground transformers, pedestal boxes, in-ground utility boxes, etc.): If Fire ants are nesting or traveling inside utility boxes, place 1.5 to 2.1 ounces (5 to 7 tablespoons) for lighter infestations or up to 2.5 ounces (8 tablespoons) for heavy infestations on the ground or open floor area of box. Placement should be made so bait stays dry and does not contact any equipment. Do not contaminate kitchen utensils with this product.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Consult Federal, State or local disposal authorities for approved alternative procedures.

STORAGE: ABATHOR Fire Ant Bait may be attractive to rodents and domestic animals. Store in a cool, secure, dry space. To maintain maximum effectiveness, close container tightly after use and use within 5 months after opening.

CONTAINER DISPOSAL:
If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.
If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

IMPORTANT READ BEFORE USE

NOTICE: Read the entire Directions for Use, Conditions of Sale, Disclaimer of Warranties and Limitations of Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

CONDITIONS OF SALE: The Directions for Use of this product are believed to be adequate and must be followed carefully.
