

Acorn Fragrance

1 PRODUCT AND COMPANY IDENTIFICATION

Product Identifier: Acorn Fragrance
SDS Number: STC-112
Supplier Details: Shemen Tov Corp.
1970 Swarthmore Ave.
P.O. Box 891
Lakewood, NJ 08701
Emergency: Chem-Tel Inc. (Contract MIS5260706)
Contact: 1-800-255-3924 or +01-813-248-0585
Phone: 973-673-2350

2 HAZARDS IDENTIFICATION

Classification of the Substance or Mixture

GHS Classification in Accordance with 29 CFR 1910 (OSHA HCS):

Health, Skin corrosion/irritation, 2
Health, Serious Eye Damage/Eye Irritation, 2 B
Health, Skin sensitization, 1 B
Health, Aspiration hazard, 2

GHS Label Elements, Including Precautionary Statements

GHS Signal Word: **WARNING**

GHS Hazard Pictograms:

GHS Hazard Statements:

H315 - Causes skin irritation
H320 - Causes eye irritation
H317 - May cause an allergic skin reaction
H305 - May be harmful if swallowed and enters airways

GHS Precautionary Statements:

P261 - Avoid breathing dust/fume/gas/mist/vapors/spray.
P264 - Wash hands thoroughly after handling.
P270 - Do not eat, drink or smoke when using this product.
P271 - Use only outdoors or in a well-ventilated area.
P302+352 - IF ON SKIN: Wash with soap and water.
P304+340 - IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
P305+351+338 - IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.
P312 - Call a POISON CENTER or doctor/physician if you feel unwell.
P333+313 - If skin irritation or a rash occurs: Get medical advice/attention.
P501 - Dispose of contents/container to an approved waste disposal plant.

3 COMPOSITION/INFORMATION OF INGREDIENTS

Ingredients:

The specific chemical identities of the ingredients in this mixture are considered to be trade secrets and are withheld in accordance with the provisions of 1910.1200 of the Code of Federal Regulations.

4 FIRST AID MEASURES

- Inhalation:** Move to fresh air. If symptoms persist, call doctor. Artificial respiration and/or oxygen may be necessary. Consult a doctor. Move to fresh air in case of accidental inhalation of vapors.
- Skin Contact:** Wash off immediately with plenty of water for at least 15 minutes. If skin irritation persists, call a doctor. Remove and wash contaminated clothing and shoes before re-use. Wash off immediately with plenty of water. Wash off immediately with soap.
- Eye Contact:** Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. If symptoms persist, consult doctor. Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Keep one eye wide open while rinsing.
- Ingestion:** Do NOT induce vomiting. Drink plenty of water. Rinse mouth. Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Consult a doctor.

If symptoms persist consult doctor

Most important symptoms & effects No long term effects known

Indication of need for immediate medical attention: No data available

Note to physician: May cause sensitization of susceptible persons. Treat symptomatically.

5 FIRE FIGHTING MEASURES

Suitable Extinguishing Media Use extinguishing measures that are appropriate to local circumstances and the surrounding environment

Unsuitable Extinguishing Media Decomposition by contact with water may generate vapors which be ignited by heat or open flame

Specific hazards arising from the chemical No information available

Protective Equipment and Precautions for Firefighters As in any fire, wear self-contained breathing apparatus pressure-demand. MSHA/NIOSH (approved or equivalent) and full protective gear

6 ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions Use personal protective equipment. Avoid contact with skin and eyes. Evacuate personnel to safe areas. Keep people away from spill/leak.

Methods and Materials for containment and cleaning up

Methods for containment

Prevent further leakage or spillage if safe to do so

Methods for cleaning up

Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. After cleaning, flush away traces with water. Prevent products from entering drains. Dam up.

7 HANDLING AND STORAGE

Handling Precautions: Precautions for Safe Handling
 Advice on Safe Handling Wear personal protective equipment. Ensure adequate ventilation. Use only in area provided with appropriate ventilation. Do not breathe vapors or spray mist.

Storage Requirements: Conditions for Safe Storage, including any incompatibilities
 Technical measures/
 Storage Conditions Keep out of reach of children. Keep container tightly closed in cool, well-ventilated place. Keep I properly labeled containers.
 Incompatible Products None known based on information supplied.

Personal precautions Use personal protective equipment. Avoid contact with skin and eyes. Evacuate personnel to safe areas. Keep people away from spill/leak.

8 EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering Controls: Control Parameters
 Expose Guidelines This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.
 Expose Controls
 Engineering Measures Shower
 Eyewash station
 Ventilation systems

Personal Protective Equipment: Individual protection measures, such as personal protective equipment

Eye/Face protection Tightly fitted safety goggles
 Face shield

Skin and body protection Wear suitable protective clothing

Respiratory Protections If exposure limits are exceeded or irritation is experiences, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. A NIOSH-approved air purifying respirator with an organic vapor cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Protection provided by air purifying respirators is limited. Use a positive pressure, air-supplied respirator if there is any potential for uncontrolled release, exposure levels are not known or any other circumstances where air-purifying respirators may not provided adequate protection.

Hygiene Measures When using, do not eat, drink or smoke. Remove and wash contaminated clothing before re-use. Provide regular cleaning of equipment, work area and clothing.

Control Parameters

9 PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Liquid	Odor:	Characteristic
Physical State:	Liquid	Molecular Formula:	No data available
Odor Threshold:	Characteristic	Solubility:	No data available
Particle Size:	No data available	Softening Point:	No data available
Spec Grav./Density:	No data available	Percent Volatile:	No data available
Viscosity:	No data available	Heat Value:	No data available
Sat. Vap. Conc.:	No data available	Freezing/Melting Pt.:	No data available
Boiling Point:	No data available	Flash Point:	> 93.33 ° C / > 200 ° C
Flammability:	No data available	Octanol:	No data available
Partition Coefficient:	No data available	Vapor Density:	No data available
Vapor Pressure:	.30559mmHG @ 20°C	VOC:	No data available
pH:	No data available	Bulk Density:	No data available
Evap. Rate:	No data available	Auto-Ignition Temp:	No data available
Molecular weight:	No data available	UFL/LFL:	No data available
Decomp Temp:	No data available		

10 STABILITY AND REACTIVITY

Reactivity:	No information available.
Chemical Stability:	Stable under recommended storage conditions
Conditions to Avoid:	Extremes of temperature and direct sunlight.
Materials to Avoid:	None known based on information supplied.
Hazardous Decomposition:	None known based on information supplied.

11 TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Product Information This mixture has not been subjected to toxicological testing but has been blended from materials with established toxicological bibliographies. In view of the difficulty of using current standard toxicological evaluation techniques to predict potential hazards to susceptible individuals or arising from unforeseeable potentiation, this preparation should be considered and handled as if it displayed health hazards and consequently treated with all possible precaution.

Inhalation	There is no data available for this product
Eye contact	There is no data available for this product
Skin contact	There is no data available for this product

Ingestion There is no data available for this product

Information on toxicological effects

Symptoms No information available

Delayed and immediate effects as well as chronic effects from short and long term exposure

Sensitization No information available

Mutagenic Effects No information available

Reproductive toxicity No information available

Specific target organ system toxicity No information available

Specific target organ system toxicity No information available

Chronic toxicity No information available

Aspiration toxicity No information available

Numerical measures of toxicity - Product Information

Unknown Acute Toxicity 0

The following values are calculated based on chapter 3.1 of the GHS document

Oral LD50 17,047.00 mg/kg

12 ECOLOGICAL INFORMATION

Ecotoxicity

Persistence and degradability No information available

Bioaccumulation No information available

Mobility No information available

Other adverse effects No information available

13 DISPOSAL CONSIDERATIONS

Waste treatment

Waste Disposal Method Dispose in accordance with local regulations.

Contaminated packaging Do not empty into drains. Empty containers should be taken to an approve waste site for recycling or disposal. Dispose of in accordance with local regulations. Do not reuse empty containers.

DOT Not regulated
 TDG Not regulated

SARA TITLE III (Superfund Amendments and Reauthorization Act)

Fire: No **Pressure Generating:** No **Reactivity:** No **Acute:** Yes **Chronic:** No

SARA 302

No components listed.

SARA 313

No components listed.

CERCLA (Comprehensive Environmental Response, Compensation and Liability Act)

No components listed.

RCRA (Resource Conservation and Recovery Act)

Not a hazardous waste.

CWA (Clean Water Act)

No components listed.

TSCA (Toxic Substances Control Act)

All components are listed.
