SQUARE
FEET!

PROFESSIONAL

Designed & formulated for professional use:

- Pest Control Operators • Landscapers • Grounds & Greenskeepers
- All Landscape Installation & Maintenance Professionals

ARMADILLO REPELLENT

DIRECTIONS FOR USE: Apply using a rotary spreader at a rate of **1 lb. pound per 600 square feet**. Cover the area where armadillo damage has been observed or is occurring. Extend the coverage to about thirty (30) feet around and beyond the damaged area. **For lawn and garden areas of 5,000 or less square feet**, we recommend covering the entire area. Hand sprinkle with scoop provided within damaged garden plots and beds. Look behind shrubs and along buildings for excavated nesting areas and apply liberally within them. If burrow entrances can be located, drop a half scoop into each hole and flush down thoroughly with water. Lastly, water full application in for 5 minutes. Reapply **Armadillo Scram™** in 14 days after the initial application and then every 25 days or as needed. Heavy or extended periods of rainfall will shorten the effective period. **SEE FULL APPLICATION INSTRUCTIONS INSIDE.**

PRECAUTIONARY STATEMENTS: Wash skin after use. Avoid contact with eyes or cuts. If in eyes, flush with water 15-20 mins. Call Poison Center or doctor for treatment. **Storage:** Store in original sealed container. Store away from direct sunlight or excessive heat. Do not contaminate water by storage or disposal. Do not use on food or feed crops. Do not apply directly to water. **Disposal:** Do not reuse empty container. Dispose of properly. Buyer assumes all responsibility for safety and use not in accordance with directions. EPIC represents that this product qualifies for exemption from EPA registration under Section 25(b) of FIFRA and has not been registered by the EPA.

Net Wt. **22 lbs.**
(9.98kg)

CAUTION: KEEP OUT OF REACH OF CHILDREN
