*100% Canadian Owned and Operated

DIRECTIONS FOR INDOOR USE: Remove pets, birds and fish bowls. Open cabinets and doors in the area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point valve opening away from face and eyes when releasing.

TO OPERATE VALVE: Can be used manually or valve can be locked in open position. To lock valve in open position for automatic discharge, depress valve lever down firmly until it clicks and stays depressed. For best results, treat the distant rooms first by spraying towards ceiling using the manual setting. A 4 to 6 seconds spray is ample for average-sized (3m x 3m x 3m) room. Also, spray into crack, crevices and other areas where the insects may hide prior to spraying towards the ceiling. Place can on stand or table in centre of unobstructed area, then lock valve down in the open position. Leave building at once and keep building closed for 2 hours before airing out. Open all doors and windows and ventilate for 30 minutes.

TO KILL BED BUGS: Spray mattress lightly, particularly around seams and tufts. Take beds apart, spray bed frame and springs including all joints. Also, spray into crack, crevices and other areas where the bed bugs may hide.

Repeat spraying in 2 weeks or when insects listed on this label are a problem. If possible, apply directly to the insect pest. This product will kill exposed insects only and has no residual control activity.

APPLICATION RATES

Net Contents	Label Statement	1 can treats
70 grams	Spray 15-20 seconds for every 52.5 cu metres	52.5 cu metres
150 grams	Spray 15-20 seconds for every 112.5 cu metres	112.5 cu metres
400 grams	Spray 15-20 seconds for every 300 cu metres	300 cu metres
450 grams	Spray 15-20 seconds for every 337.5 cu metres	337.5 cu metres

CAUTION: Do not use in food storage, handling, and serving areas as a total release bomb with valve locked open.

PRECAUTIONS: KEEP OUT OF THE REACH OF CHILDREN. Contents are under pressure. Exposure to prolonged sunlight or other sources of heat may cause bursting. Do not throw into fire, incinerator or store at temperature above 50°C. Do not spray on walls, composition tile or plastic. Do not spray over exposed food. Avoid contamination of feed and foodstuffs. Do not spray into or near any open flame.

FIRST AID: If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control centre or doctor for further treatment advice.

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

Take the container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: This product contains a petroleum distillate. Vomiting may cause aspiration pneumonia. Treat symptomatically.

ENVIRONMENTAL HAZARDS: This product contains a petroleum distillate which is moderately to highly toxic to aquatic organisms. Avoid contamination of aquatic systems during application. Do not contaminate these systems through direct application, disposal of waste or cleaning of equipment.

DISPOSAL: When container is empty, press valve to release all remaining pressure. Dispose of empty container in household garbage. Do not puncture or incinerate. This container may be recycled in communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the can by following the procedure described above.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
