ALL-WEATHER
BLOX™

DETEx®
WITH LUMITRACK®

Non-Toxic Rodent Monitoring Bait

Lumitrack Fluoresces Under Black Light

Highly Palatable • All-Weather

NET WT: 8.8 lbs (4 kg)
DETEX BLOX is a non-toxic, palatable bait for monitoring rodent activity in sensitive areas.

**DIRECTIONS FOR USE:**
Bait should be placed in bait stations or otherwise secured and out of reach of non-target animals. Place bait around the periphery of buildings, especially near waste locations of rodent entry, and in areas that provide rodent harborage. Refer locations for future reference.

**INSTRUCTIONS OF USE:**
DETEX BLOX can be used in residential, educational, commercial, public, and agricultural environments. Colloidal pastes are made from the residue of food or similar materials and should be applied to areas that provide rodent harborage. Refer locations for future reference.

**NET WEIGHT:** 8.8 lbs (4 kg)
