## EcoFresh® Odor Absorber Pouches

**EcoFresh® Odor Absorber Pouches** utilize natural zeolite and minerals to absorb odors directly through a special breathable tyvek sealed pouch. The zeolites and mineral ingredients naturally attract airborne odor molecules thereby absorbing and eliminating them.

The EcoFresh® odor absorber pouch is designed to be used where sprays are difficult to use or are not desirable. The contents are non-toxic, readily biodegradable, non-flammable, and safe for people, pets and the environment. The pouches are easy to use, come in 4 oz and 16 oz sizes and are designed to be layed flat on surfaces or placed into walls, voids, closets, air vents and other areas where sources emitting foul odors can be found. EcoFresh® pouches are designed to be small and very versatile. They will last approximately 3 months or until fully consumed by odors. When the pouch stops working, simply dispose of in trash and replace with a new pouch.

**Ingredients:** Zeolite mineral compound (Silicon oxide, Aluminum oxide, Magnesium, Sodium, Potassium, Calcium, Water).....99%

**Note - if possible and for environmental and health reasons, remove dead animals, solid and liquid odor causing substances and sanitize areas prior to use.**

### Directions for use -

**General odor removal** - remove foil bag to expose pouch. Shake pouch several times to activate, then place as close to source of odor as possible. Odors will be absorbed within 24 hours.

**Odors coming from walls** - cut small 2" x 2" opening for small pouch, 3" tall x 2" wide opening for large pouch and insert into wall. Cover hole with electrical type plate cover or repair to hide. Bags may be left inside walls or attach with wire or string to remove.

**Odors coming from attics** - hang pouch by nailing to rafter or use thin wire or string and insert through end of pouch (make hole first) and around to form a loop. Pouches may be layed flat on surfaces, placed into walls, hung with wire and even used inside a/c ducts to remove airborne odors as needed.

### Common Odor Problems solved with

**EcoFresh® Odor Absorber Pouches** - Dead animals, skunk spray, cigarettes, fire, smoke, pet, urine, feces, cat litter, garbage, cooking, mildew, fishing, hunting, chemicals, etc.

**For Use In** - Homes, businesses, offices, nursing homes, medical facilities, RV's, gym's, locker rooms, boats, ships, veterinary clinics, morgues, funeral homes, restrooms, closets, aircraft, hotels - hundred's of uses!

**Helpful Ideas** - EcoSafe® Ultra ZR1™ Odor Neutralizer can be used in "open areas" as an air freshener and directly on odor sources to eliminate odors within seconds. EcoFresh® Odor Absorber Pouches can be placed into air vents, wall voids and hidden areas where spraying or fogging applications are difficult providing superior control.
