NET CONTENTS: 17 FL OZ (500 ML)

EcoVenger Bed Bug Killer is made from botanical insecticidal compounds that are naturally produced by aromatic plants. By extracting these insecticidal phyto-compounds, formulated with all minimum-risk ingredients through patented technology, EcoVenger® is made to control insect pests with unrivaled efficacy. When use as directed, it kills target insects on contact quickly and provides extended residual protection, yet safe for children and pets, as proven in university lab tests and field studies. To learn more about EcoVenger, please visit www.ecovenger.com.

Kills bed bugs and their eggs quickly. Also kills other insects including crickets, beetles, dust mites, earwigs, fleas, flies, gnats, lice, midges, millipedes, moths, spiders and ticks. For use at home, schools, lodgings, offices, theaters, stores, daycare, shelters, public transportation and other locations where infestations may occur. May be applied indoors or outdoors. Use only as directed.

DIRECTION FOR USE: Read the entire label and **SHAKE WELL BEFORE USE.** Remove cap and press to spray. Spray areas where bed bugs or other pests are found or normally occur, including corners of rooms, cracks and crevices on walls, floors and on furniture, especially mattress seams, box springs, bed rails, headboards, bed frames, base boards, night stands or other bedroom furniture. Spot-treat all cracks and crevices. Spray until wet but not soaking. Spray once a week for at least two weeks. Repeat as necessary for prolonged protection or prevention.

PRECAUTIONARY STATEMENT: Keep out of reach of children. Avoid direct contact with eyes and mouth. May be harmful if swallowed. Do not use if allergic to the product or the scent. Scent dissipates fast depending on room size, open window for better ventilation if necessary. Product contains water and may damage or decolorize paper, fabric or some delicate surfaces or finishes. Test on small inconspicuous area before application. Avoid spraying on tiles or polished floor to prevent slip and falls. Do not spray on food or food contact surfaces, otherwise wash thoroughly after treatment. May cause leaf burn if applied on plants.

FIRST AID: If product gets in eyes, flush with clean water. If irritation persists, contact a physician. If swallowed, call a poison control center or doctor immediately.

STORAGE AND DISPOSAL: Store in original container and avoid heat or direct sunlight. Keep from freezing. Do not reuse container. Offer for recycling if available or discard in trash.
