# ENDURANCE™ Iron 6

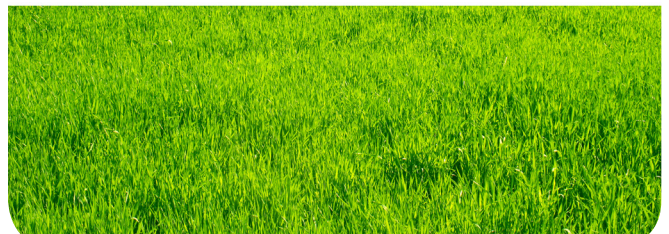

**Endurance Iron 6** is an encapsulated iron turf product that can be used for regular turf maintenance to promote rich green color and strong root systems. The iron in **Endurance Iron 6** helps prevent and correct yellowing due to iron deficiency. **Endurance Iron 6** can be applied to warm, cool, and transitional grasses throughout the growing season.

## GENERAL RECOMMENDATIONS

**Endurance Iron 6** can be applied throughout the growing season on cool, warm, and transitional grasses. It is recommended for all types of grasses including Bahia, Bermuda, Bent, Centipede, Fescue, Kentucky Blue, Perennial Ryegrass, St. Augustine, and Zoysia.

## GUARANTEED ANALYSIS:

Total Nitrogen (N).....	15.0%
Sulfur(S).....	3.5%
Iron (Fe).....	6.0%

## BENEFITS OF USING ENDURANCE IRON 6

- Corrects iron deficiency
- Fast green-up
- Broad compatibility

## STORAGE AND HANDLING:

**Endurance Iron 6** as a concentrate is acidic and should be stored in its original container with cap tightly closed. Avoid contact with unfinished wood products, painted surfaces, or concrete as this product may cause staining.
