-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Approved for use in automated insect misting systems.

Ingredients: 68% Actives - Cedar Oil, Sodium Laurel Sulfate (SLS), Oils of Peppermint, Lemongrass, Castor, Citronella, Cinnamon, Clove, Garlic. 32% Inert - Water, Alcohol, Ethyl Lactate

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN AND PETS

Eyes: Avoid contact, wear eye protection. If contact occurs, flush eyes with clean water or saline solution for 15 minutes.
Skin: Avoid contact, wear gloves and protective clothing. Wash with soap and water if contact occurs.
Inhalation: Avoid inhalation, wear face mask or respirator. If inhaled and irritation occurs move to fresh air. **Do not use this product indoors if you have C.O.P.D., Emphysema, or other respiratory disease as it may cause elevated symptoms.**
Ingestion: Do not ingest. If ingestion occurs call 911 or Poison Control Help Center @ 800-222-1222 or seek medical advice from a licensed medical professional. **Fabrics:** Spot check for discoloration prior to application.
Pets: Do not apply where pet rodents, birds, or snakes are present. Watch any pet for unusual sensitivity. If sensitivity is noticed remove pet from treated area to fresh air. If irritation persist seek advice from a veterinarian. Do not apply directly on any animal. **Storage & Disposal:** Do not contaminate water, food, or feed by storage or disposal. Store in original container. Keep in a cool dry place away from direct sunlight, excessive heat, or freezing. Storage temperatures range from 38°-110°F. Do not reuse container. **Minimum Risk Pesticide:** *This product has not been registered by the United States Environmental Protection Agency. 360 Biosecurity, LLC, represents that Exodus VCS Insect & Spider Concentrate qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act, (FIFRA, Section 25b).*

64 Ounces / 1.89 L

Equipment: Handheld sprayer, backpack sprayer, high pressure sprayer, ULV handheld or backpack fogger. **(Do not use thermal foggers).**
Works on most insects & arachnids such as spiders, scorpions, roaches, fleas, ticks, mosquitoes, gnats, aphids, ants, wasp, and many others. **Protocols:** Locate targeted pests, nests, food & water resources, and dark spaces. Remove attractants and declutter areas of infestation. **Interior:** Remove or cover items to avoid contact. Spray or fog where targeted pests are present, focus on dark spaces where they hide. Apply under sinks, along cabinet kickplates, under & behind appliances, pantry, sinks, plumbing penetrations, along thresholds, other cracks & crevices, and voids. Fog attics and crawlspaces. **Exterior:** Spray or fog, until wet, around perimeter of structure along foundation 1' out from structure, 2' up the wall, into brick/stone weep holes, along eaves, around windows, door entries, inside cracks, crevices, and voids, on mulched areas in the landscape. Spray the ground 3 feet around overhanging trees, as well as up posts that are pathways. Spray landscape foliage around structure, inside, as well as outdoor trash cans, and dumpsters. Follow spray application with Exodus VCS Granules around perimeter of structure to extend effectiveness for 60 days or longer. **Burrows:** Spray into burrows after applying Exodus Granules inside burrows, and cover openings with soil or rock.
Automated Insect Misting Systems: Add 16 ounces per 55-gallon drum. Set spray durations 30-45 seconds each spray. Spiders spray 3 times per night at 10pm, 1pm, 4pm. Mosquitoes spray 30 minutes before dawn and dusk or as needed. **Manual Fogging for Spiders:** Common webbing spiders follow the **Best Control** listed above and wet surface of structures where present. For Guatemalan Long Jaw spiders fog structures, foliage, and lawn every 3 weeks.
