CAUTION. See additional **PRECAUTIONARY STATEMENTS** on Back Panel.

FIRST AID

Have label when obtaining treatment advice.

If on skin or clothing.	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center, doctor or 1-800-533-8421 immediately for treatment advice.
If in eyes	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center, doctor or 1-800-533-8421 immediately for treatment advice.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage

NET WEIGHT 10 1/2 FL. OZ. (300 GMS)

HOT FOOT
BIRD REPELLENT
DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with the labeling.

USE RESTRICTIONS:

To repel pigeons from buildings and adjacent structures. This product may be applied to girder edges, beams, ledges, gutters, window sills, signs, comices, and similar surfaces. Wear disposable gloves when using this product. Do not apply at location where desirable species of birds might become entangled in the repellent.

PRE-APPLICATION DIRECTIONS:

Building surfaces to be treated should be dry and cleaned to remove droppings, dust, etc. On porous surfaces a sealer such as Crystal Coat™ should be applied before using Hot Foot® gel. Do not apply in wet, damp or freezing conditions. HFI recommends that a coating of Crystal Coat™ be applied to all Hot Foot® gel applications to protect against discoloration caused by dust and dirt and to minimize the contact of birds feathers with gel.

APPLICATION DIRECTIONS:

Apply in strips 1/4" thick and run in a worm-like path as described below. For wide surfaces it may be necessary to repeat at 3 inch intervals.

PARTIALLY FILLED CARTRIDGES:

Place cap or tape on tip of tube to prevent product from contacting eyes.

REMOVAL:

Any organic solvent such as kerosene and mineral turpentine will remove Hot Foot® gel.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful is absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, clothing. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

Small birds may become fatally entrapped by this tacky repellent. To reduce hazards to legally protected species, and to avoid noncompliance with Federal Migratory Bird Treaty Act, follow all instructions in the Direction for use.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in original container in a cool, dry, corrosion-free, place inaccessible to children and pets and apart from food or feed.

DISPOSAL: If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Customer Signature/Date

SHAKE WELL BEFORE USING.

DIRECTIONS:

TO PROTECT HOT FOOT

Hold can 6-10 inches from the surface of the gel. Apply one thin, even coat over the surface of the gel. Coating will dry in about 5 minutes.

AS A SURFACE SEALANT

Ensure that the surface to be sealed is clean and dry. Spray Crystal Coat 6-10 inches from the surface. One thin, even coat is sufficient. Allow 5 minutes to dry before applying Hot Foot Gel.

COVERAGE

One 14 oz. can will seal an area of approximately 80 linear feet by 3 inches.

DANGER:

Harmful or fatal if swallowed. If swallowed, do not induce vomiting; seek medical help. Contains no 1,1,1 trichloroethane or methylene chloride but vapors are harmful. Use in a well ventilated area. Avoid contact with skin or eyes. In case of contact, flush with water. Dried sealant can be peeled off. Contents under pressure. Do not puncture or incinerate. Exposure to temperatures above 120°F can cause bursting. Do not expose to direct sunlight. Keep away from heat, sparks or open flames. This product contains a chemical known to the state of California to cause birth defects or other reproductive harm.
