PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Contact with product may result in transient tingling and reddening of the skin. Wear waterproof gloves when spraying. Avoid contact with skin or clothing.

FIRST AID	
IF SWALLOWED:	Immediately call a Poison Control Center or doctor. Do not induce vomiting unless told to by a Poison Control Center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.
IF IN EYES:	Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a Poison Control Center or doctor for treatment advice.
IF INHALED:	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth, if possible. Call a Poison Control Center or doctor for further treatment advice.
Have this product container or label with you when calling a Poison Control Center or doctor or when going for treatment.	
HOT LINE: You may also call 1-800-858-7378 for emergency medical treatment advice.	

ENVIRONMENTAL HAZARDS

This product is extremely toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment areas.

BEE WARNING: This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of the Federal Law to use this product in a manner inconsistent with its labeling.

Application is prohibited directly into sewers or drains or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

JT EATON™ KILLS BEDBUGS II is Ready-To-Use.

General Information: Hold container upright and turn nozzle to "on" position or place JT EATON™ KILLS BEDBUGS II in a suitable trigger or pressure sprayer and apply according to directions for use. Do not spray up into air. Apply this product only to surfaces as a spot and crack & crevice treatment. Hold approximately 12 inches from surface to be sprayed. Squeeze trigger to spray until surface is slightly moist. Contact kill gives you immediate results when spraying insects directly. JT EATON KILLS BEDBUGS II will not stain surfaces or fabrics.

JT EATON™ KILLS BEDBUGS II is intended to be used in and around residences and their immediate surroundings such as (but not limited to), apartments, atriiums, attics, automobiles, basements, bathrooms, boats, cabins, campers, carports, cat sleeping quarters, clothes storage, condominiums, decks, dens, driveways, garages, gazebos, homes, hotels, motels, kitchens, lanais, living rooms, parlors, patios, pet sleeping areas, play rooms, porches, recreational vehicles, solariums, storage areas, sun rooms, utility rooms and verandas. Do not use in commercial food handling establishments, restaurants or other places where food is commercially prepared, processed or served.

FOR USE INDOORS:

Bedbugs, fleas and ticks. Apply as a spot and crack & crevice treatment to areas where these pests crawl and hide, especially in hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, the underside of shelves, drawers, bookcases, and similar areas. Remove all food and cooking utensils. Cover all food handling surfaces or wash thoroughly after treatment and before use. Exposed food should be covered or removed. Repeat as necessary but not more than once per week.

TICKS (Including ticks that may cause Lyme disease) and FLEAS on Surfaces: Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. Adult fleas and larvae contacted by spray will be killed. Put fresh bedding down once spray has dried. Do not spray animals directly. For best results, pets should be treated with an appropriate Flea and/or Tick control product registered with EPA for use on pests before allowing them to return to the treated area. Spray rugs and carpets where infestations are bad. Delicate fabrics should be tested for staining in an inconspicuous area prior to use.

Directions For Use continued

SPIDERS: Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics, crawl spaces and other areas over which these pests may crawl.

CONTACT SPRAY:

To kill bedbugs, fleas, spiders (including brown recluse, black widow & hobo spiders) and ticks: Spray where insects congregate and individual pests when seen. Spray 1-2 pumps contacting insects directly. Insect contacted by spray will be killed. Spray where insects congregate and individual pests when seen. Spray 1-2 pumps contacting insects directly. Insects contacted by spray will be killed.

BEDBUGS: Remove linens and wash before reuse. Lightly spray mattresses, especially tufts, folds and edges. Apply to the interior of the bed frame. Allow to dry before remaking bed. Treat baseboards, moldings and floors. Repeat treatment as needed.

STORAGE AND DISPOSAL

Do not contaminate water, foodstuffs, feed or seed by storage or disposal.

PESTICIDE STORAGE: Store this product in its original container in a dry, cool, secured area.

PRODUCT DISPOSAL: As a responsible environmental practice, where possible, it is recommended that all of the contents of the container be used, carefully following label directions and precautions.

CONTAINER DISPOSAL: IF EMPTY: Non-Refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

IF PARTLY FILLED: Call your local waste agency or 1-800-253-2687 for disposal instructions. Never place unused product down any indoor or outdoor drain.

SPILL: In case of spill, absorb liquid with absorbent material such as soil or clay, etc. sweep up and dispose of material according to PRODUCT DISPOSAL - IF PARTLY FILLED - directions above.

WARRANTY STATEMENT

Our recommendations for the use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practices. To the extent consistent with applicable law, the buyer must assume all responsibility for, including injury or damage, resulting from its misuse as such or in combination with other materials.
