An easy-to-use powder that reduces organic waste

- Developed to reduce organic waste in barns, coups, stalls, manure piles/heaps, houses, kennels, cages, litter, bedding, drain sewers, municipalities, towns and cities, waste water treatment plants (land and cruise ship based) and reduces foul odors from lagoons and retention ponds.
- Bacillus and Pseudomonas bacterial blends to digest inanimate mass.
- These bacteria have the exceptional targeted enzyme production of lipase, protease, amylase, cellase, urease, pectinase, and chitinase, to speed the degradation and digestion of fats, carbohydrates, proteins, cellulose and starches.
- Formulated on a food-ready base accelerant to jump start the binary fission process.
- Available in 15 lb Bulk (**Blue lid**) & 30-8oz water soluble throw packs (**Green lid**).
