Manufactured for:
BASF Corporation
26 Davis Drive, Research Triangle Park, NC 27709

81102196 NMA 2023-05-0438-0149
NET WEIGHT: 0.28 oz (7.92 g)
Contains four 0.069 oz (1.98 g) stations.
This product contains a slow acting insect bait. For best results, placement of the bait should be into or near insect harborage sites.

DO NOT ALLOW CHILDREN OR PETS TO PLAY WITH THE BAITS CAUTION

ACTIVE INGREDIENT: Ant Bait Stations
Atracine B: 0.0111%
OTHER INGREDIENTS: 99.9889%
TOTAL: 100.0000%

EPA Reg. No. 499-496
EPA Est. No. 56207-AI-2

HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling.

PRECAUTIONARY STATEMENTS
HOTLINE NUMBER
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also call 1-800-832-HELP for emergency medical treatment information.

| | |
|-------------------------------|--|
| First Aid | • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15 to 20 min. • Call a poison control center or doctor for treatment advice. |
| If on skin or clothing | • Hold eyes open and rinse slowly and gently with water for 15 to 20 min. • Remove contact lenses, if present, after the first 5 min, then continue rinsing eyes. • Call a poison control center or doctor for treatment advice. |
| If in eyes | • Call a poison control center or doctor for treatment advice. |

Advance 360A Dual Choice
Ant Bait Stations

KILLS THE QUEEN, KILLS THE COLONY
EFFECTIVE AGAINST: Argentine Ants, Cornfield Ants, Pharaoh Ants and a Variety of Household Ants.

FOR USE IN AND AROUND: Apartments, Campgrounds, Food Storage Areas, Homes, Hospitals, Hotels, Meat Packing and Food Processing Plants, Motels, Nursing Homes, Resorts, Restaurants and other Food Handling Establishments, Schools, Supermarkets, Transportation Equipment (Buses, Boats, Ships, Trains, Trucks, Planes), Utilities, Warehouses and other Commercial and Industrial Buildings

DIRECTIONS FOR USE
IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.
ANTS: Concentrate treatment at insect activity sites. Ants are attracted to the bait and it is carried back to the nest to kill the queen and destroy the colony. Baits are packaged in a child-resistant container.
1. Break bait stations apart from the plastic frame.
2. For thorough ant control, use as many bait stations as necessary (normally 3 to 4 stations for an average size room or 6 to 8 stations for a heavy infestation).
3. For best results, also place bait stations along walls, baseboards, in corners, under chairs, in cabinets, and under beds. Do not place bait stations in areas where waste receptacles, sensitive electronic equipment and are around and around perimeter walls, wall pipes, and electrical conduits.
4. Replace bait stations when necessary, approximately every 3 months.

APPLICATIONS IN FOOD HANDLING ESTABLISHMENTS: Food handling establishments include places other than private residences in which food is held, processed, prepared or served.
FOOD AREAS: Includes areas for receiving, storage, packing (baling, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Avoid contamination of food. Use as instructed above.

AIRCRAFT CABINS: Place bait stations in suspected and active ant areas. Place bait stations in areas between elements of construction. Use up to 6 bait stations per galley and up to 2 bait stations per rest room. In cargo holds, use 6 to 12 bait stations per 100 ft². DO NOT use bait stations in cockpit area.
