

INGREDIENTS

Active Ingredients

Clove Oil 1.00%

Inert Ingredients..... 99.00%

Soap, Water

Total..... 100.00%

HOW IT WORKS

The properties of SNS AG PC+ Pest Control disrupt the insect cell structure and respiratory membranes causing the insect to dehydrate, suffocate, and die. Control of the insect is due to a natural barrier that causes surface tension changes (feels unpleasant when they walk on it) for up to 3-7 days then naturally breaks down. SNS AG PC+ Pest Control kills eggs and larvae by coating them with a shield which causes dehydration and prevents respiration. Therefore no hatching will occur, they will just dry out.

DIRECTIONS FOR MIXING

SHAKE WELL BEFORE MIXING

Apply 0.5 to 1.5 ounces per gallon for foliar spray applications.

Coverage Bedded & Agriculture Field Plants =

1-2 gallons of mixed diluted solution will cover approximately 1000 square feet dependent on sprayer droplet size requirements.

No restricted entry interval (REI)=0 days.

Generally apply 2 quarts of SNS AG PC+ Pest Control per acre in rotation with other pesticides.

Or apply SNS AG PC+ Pest Control at 1 quart per acre in a tank mix with other labeled pesticides. Do not exceed a SNS AG PC+ Pest Control spray concentration of 1% v/v.

Begin applying SNS AG PC+ Pest Control prior to visible pest symptoms or when pest is first noted. Repeat applications at 7-10 day intervals with shorter intervals under higher pest pressure situations.

Jar test is required prior to tank mixing SNS AG PC+ Pest Control with other fungicides and pesticides.

PEST CONTROL PLUS

CONTROLS APHIDS, ANTS, WHITE FLIES, MITES, LEAF MINERS, THRIPS, & SHORE FLIES

For Agricultural Crops, Bedded Plants, Turf & Agriculture Fields, Row Crops Chemigation, Citrus Fields, & Orchards

This product has not been registered by the United States Environmental Protection Agency. Sierra Natural Science represents that this product qualifies for exemption from registration under the Federal Insecticide Fungicide, and Rodenticide Act. FIFRA 25(b)

PRECAUTIONARY STATEMENT

Use Eye Protection, Chemical Rated Gloves & Long Sleeve Shirt. Not intended for human consumption. Avoid contact with eyes and skin. Thoroughly wash all food areas and food materials contacted with soap and water. Do not use near heat or open flame. Store in cool location out of direct sunlight. Do not freeze.

FIRST AID

If in eyes, flush eyes with water for a minimum of 15-20 minutes. If on skin, wash skin with soap and water. If irritation persists contact a physician. Have the product container or label with you when calling a poison control center or doctor, or going in for treatment. Call poison control center hotline 1-800-222-1222 if over exposure occurs.

STORAGE AND DISPOSAL

Store in a cool, dry area away from heat or open flame. Do not reuse container. Dispose in trash
