

1. Identification	
Product identifier	
Product Code:	20-RAC-004/20-RAC-008
Product Name:	Pro-Pest [®] Professional Lure for Raccoons
Other means of identification:	Aromatic paste, jam like consistency.
Recommended use:	Attractant to use with live animal traps to attract raccoons.
Restrictions for use:	Not for human consumption.
Active Ingredient:	Fruit base
CAS Number:	ΝΑ
Other Ingredients/ Formula	Fruit based product, processed to a jam-like consistency with sugar, water, apple pomace, caramel color (containing sulphating agents), and 2% or less of the following: corn starch, salt, citric acid, sodium benzoate (as a preservative), sorbitol and artificial food flavours.
Relevant identified uses of the substance or mixture and uses	s advised against
Product use	A non-toxic attractant to be used inside live animal traps to attract raccoons.
Details of the supplier of the safety data sheet	
Company name: Address: Telephone number:	J. F. Oakes Sales & Marketing, LLC Physical: 646 E Fifteenth Street Mailing: P. O. Box 115 Yazoo City, MS 39194 U.S.A. 662-746-7276
Fax Number: Email:	662-746-4568 sales@jfoakes.com

3. Composition/Information on ingredients	
Active Ingredients and Chemical Name:	Fruit paste
Common names:	
Other Ingredient: Mixtures	Contains fruit based product, processed to a jam-like consistency, sugar, water, apple pomace, caramel color (containing sulphating agents), corn starch, salt, citric acid, sodium benzoate as a preservative, sorbitol, and artificial food flavours for aromatic attraction.
CAS Number:	NA
Impurities and stabilizing additives which are themselves classified and which contribute to the classification of the substance.	
4 . First Aid Measures	
Description of first aid measures	
Most important symptoms and effects, both acute and delayed	Headache, nausea, dizziness
Indication of any immediate medical attention and special treatment needed	Headache, nausea, dizziness
- Inhalation	Remove individual with prolonged lung exposure to a non- contaminated area with fresh air. Get medical attention for breathing difficulty.
- Eyes	May be mild irritating to eyes. Flush eyes with low pressure water. If discomfort continues, consult a doctor.
- Skin	May be mild irritating to skin. Prolonged skin contact may cause allergic dermatitis. Wash skin with mild soap and water.
- Ingestion	Accidental ingestion – rinse mouth with water. Obtain medical advice.
5. Fire-Fighting Measures	
Suitable extinguishing media	Use foam, carbon dioxide and dry chemical.
Special hazards arising from the substance or mixture	Special firefighting procedures not normally required.
Precautions for fire-fighters	None.
6. Accidental Release Measures	
Personal precautions, protective equipment and emergency procedures	As needed. Suggest having a disposal container and absorbent on service vehicle at all time.
Environmental precautions Methods and material for containment and cleaning up	Do not contaminate water supply. Use soap and water. Dispose as outlined by your state and local regulations. Inert absorbent material can be used and removed to disposal container. Avoid sewer disposal.

7. Handling and Storage	
Precautions for safe handling	Wash thoroughly after handling. Do not get in eyes, on skin or
	clothing.
Conditions for onfortunation including on vincementibilities	Change in a seal dry and . Do not store near combustible. Kay survey
Conditions for safe storage, including any incompatibilities	Store in a cool dry area. Do not store near combustible. Key away from heat, sparks and flames.
8. Exposure Controls/Personal Protection	nom neae, sparks and names.
OSHA permissible exposure limit (PEL), American Conference	e N/A

Product: Pro-Pest Professional Lure for Squirrels, Flying & Ground Squirrels, a 1. Identification	·
Product identifier	
Product Code:	20-SQR-004/20-SQR-008
Product Name:	Pro-Pest [®] Professional Lure for Squirrels, Flying & Ground Squirrels and Chipmunks
Other means of identification:	Aromatic paste, jam like consistency.
Recommended use:	Attractant to use with live animal traps to attract squirrels, flying & ground squirrels, and chipmunks.
Restrictions for use:	Not for human consumption.
Active Ingredient:	Fruit base
CAS Number:	NA
Other Ingredients/	Fruit based product, processed to a jam-like consistency with
Formula	sugar, water, apple pomace, caramel color (containing sulphating
	agents), and 2% or less of the following: corn starch, salt, citric
	acid, sodium benzoate (as a preservative), sorbitol and artificial
	food flavours.
Relevant identified uses of the substance or mixture and use	es advised against
Product use	A non-toxic attractant to be used inside live animal traps to attract squirrels, flying & ground squirrels, & chipmunks.

Common names: Other Ingredient: Mixtures	Contains fruit based product, processed to a jam-like consistency, sugar, water, apple pomace, caramel color (containing sulphating agents), corn starch, salt, citric acid, sodium benzoate as a preservative, sorbitol, and artificial food flavours for aromatic attraction.	
CAS Number:	NA	
Impurities and stabilizing additives which are themselves classified and which contribute to the classification of the substance.		
4 . First Aid Measures		
Description of first aid measures Most important symptoms and effects, both acute and delayed	Headache, nausea, dizziness	
Indication of any immediate medical attention and special treatment needed	Headache, nausea, dizziness	
- Inhalation	Remove individual with prolonged lung exposure to a non- contaminated area with fresh air. Get medical attention for breathing difficulty.	
- Eyes	May be mild irritating to eyes. Flush eyes with low pressure water. If discomfort continues, consult a doctor.	
- Skin	May be mild irritating to skin. Prolonged skin contact may cause allergic dermatitis. Wash skin with mild soap and water.	
- Ingestion	Accidental ingestion – rinse mouth with water. Obtain medical advice.	
5. Fire-Fighting Measures		
Suitable extinguishing media	Use foam, carbon dioxide and dry chemical.	
Special hazards arising from the substance or mixture	Special firefighting procedures not normally required.	
Precautions for fire-fighters	None.	
6. Accidental Release Measures		
Personal precautions, protective equipment and emergency	As needed. Suggest having a disposal container and absorbent on	
procedures	service vehicle at all time.	
Environmental precautions Methods and material for containment and cleaning up	Do not contaminate water supply. Use soap and water. Dispose as outlined by your state and local regulations. Inert absorbent material can be used and removed to disposal container. Avoid sewer disposal.	

Product: Pro-Pest Professional Lure for Squirrels, Flying & Ground Squirrels, and Chipmunks

7. Handling and Storage	
Precautions for safe handling	Wash thoroughly after handling. Do not get in eyes, on skin or
	clothing.
Conditions for safe storage, including any incompatibilities	Store in a cool dry area. Do not store near combustible. Key away
	from heat, sparks and flames.
8. Exposure Controls/Personal Protection	
OSHA permissible exposure limit (PEL), American Conference	ce N/A
of Governmental Industrial Hygienists (ACGIH) Threshold	
Limit Value (TLV), and any other exposure limit used or	
recommended by the chemical manufacturer, importer, or	
employer preparing the safety data sheet, where available.	
Appropriate engineering controls.	N/A
Appropriate engineering controls.	
Individual protection measures, such as personal protective	Suggest wearing latex gloves and safety glasses as needed.
equipment.	
9. Physical and Chemical Properties	
Information on physical and chemical properties	
Appearance:	Brown paste like substance.
Odour:	Mild fruit & nut like odor.
Odor threshold:	
pH:	N/A
Melting point/freezing point:	
Initial boiling point and boiling range:	
Flash point:	
Evaporation rate: Flammability (solid, gas):	See Section 2
Upper/lower flammability or explosive limits:	See Section 2
Vapour pressure:	
Vapour pressure. Vapour density:	N/A
Relative density:	N/A
Solubility(ies):	N/A
Partition coefficient; n-octanol/water:	Water soluble
Auto-ignition temperature:	
Decomposition temperature:	N/A
Viscosity:	N/A
Explosive properties:	N/A
Oxidising properties:	N/A
Other information:	N/A
Allowers Statements	Allergens net present are as follows:
	Allergens not present are as follows:
> Milk (butter, whey, lactose, cream, custard, sodium caseinate, sour cream, yogurt, etc.) > Seeds and seed products (sesame)	
	ducts (includes peas, lentils, beans)
-	es mayonnaise, ovalbumin)
 > Soybeans (any soy derivatives) 	
> Wheat (includes bran, farina, graham flour, malt, wheat germ, wheat gluten, wheat starch, semolina, etc.)	
> Wheat (includes brain, failing, granam hour, mail, wheat germ, wheat grater, wheat starth, senomia, etc.) > Peanuts (includes peanut butter, peanut flour, peanut oil)	
> Tree nuts (includes almond, Brazil, cashew, hazelnut, macadamia, ect.)	
	ype, including all shellfish)
	#5 (sensitivity concern only)

SAFETY DATA SHEET

Product: Pro-Pest Professional Lure for Squirrels, Flying & Ground Squirrels, and Chipmunks

10. Stability and Reactivity	
Reactivity	See Section 2
Chemical stability	N/A
Possibility of hazardous reactions	See Section 4
Conditions to avoid	N/A
Incompatible materials	N/A
Hazardous decomposition products	N/A

Product: Pro-Pest Professional Lure for Woodchucks/Groundhogs	
1. Identification Product identifier	
	20 WCK 004/20 WCK 009
Product Code:	20-WCK-004/20-WCK-008
Product Name:	Pro-Pest [®] Professional Lure for Woodchucks/Groundhogs.
Other means of identification:	Aromatic paste, jam like consistency.
Recommended use:	Attractant to use with live animal traps to attract woodchucks/groundhogs.
Restrictions for use:	Not for human consumption.
Active Ingredient:	Fruit base
CAS Number:	NA
Other Ingredients/	Fruit based product, processed to a jam-like consistency with
Formula	sugar, water, apple pomace, caramel color (containing sulphating
	agents), and 2% or less of the following: corn starch, salt, citric
	acid, sodium benzoate (as a preservative), sorbitol and artificial
	food flavours.
Relevant identified uses of the substance or mixture and use	
Product use	A non-toxic attractant to be used inside live animal traps to attract woodchucks/groundhogs.
Details of the supplier of the safety data sheet	
Company name:	J. F. Oakes Sales & Marketing, LLC
Address:	Physical: 646 E Fifteenth Street
	Mailing: P. O. Box 115
	Yazoo City, MS 39194 U.S.A.
Telephone number:	662-746-7276
Fax Number:	662-746-4568

2. Hazards Identification	
Classification of the chemical in accordance with paragraph	Not classified
(d) of §1910.1200, OPP and GHS criteria:	This product does not contain any components subject to the
Acute Oral Toxicity	reporting requirements of Section 313 of the Superfund
Acute Inhalation Toxicity	Amendment and Reauthorization Act (SARA) of 1986.
Skin Irritation	
Primary Eye Irritation	See # 4
Sensitization	
Signal word, hazard statement(s), symbol(s) and precautionary statement	
precautionary statement	
Other hazards -Statement of the mixture	
HMIS® Rating	
Health:	See Section 4
Flammability:	Flash point believed to be over 200°F +/- 10°F
Reactivity:	Presents no significant reactivity hazard. Normally stable. Even at
	elevated temperature and pressure. Will not undergo hazardous
	exothermic polymerization. Keep away from oxidizer such as
	hydrogen peroxide, bromine and chromic acid.
