FIRST AID

- If Swallowed:**
 - Call a poison control center or doctor immediately for treatment advice.
 - Have person sip a glass of water if able to swallow.
 - Do not induce vomiting unless told to do so by the poison control center or doctor.
- If on Skin or on Clothing:**
 - Take off contaminated clothing.
 - Rinse skin immediately with plenty of water for 15-20 minutes.
 - Call a poison control center or doctor immediately for treatment advice.
- If in Eyes:**
 - Hold eye open and rinse slowly and gently with water for 15-20 minutes.
 - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
 - Call a poison control center or doctor immediately for treatment advice.

NOTE TO PHYSICIAN

If swallowed, this material may reduce the clotting ability of the blood and cause bleeding. If ingested, administer Vitamin K, intramuscularly or orally. Repeat as necessary based on monitoring of prothrombin times.

TREATMENT FOR PET POISONING

If animal eats bait, call veterinarian or 1-800-498-5743 or 1-851-523-0318 (all other areas).

NOTE TO VETERINARIAN Anticoagulant Diphacinone: For animals ingesting bait and/or showing poisoning signs (bleeding or elevated prothrombin times), administer Vitamin K.

Have label when obtaining treatment advice.

For 24-hour emergency information on this product, call 1-800-498-5743 (US & Canada) or 1-851-523-0318 (all other areas).

Net Contents: 4 x 16 oz. (454 g) Net Weight: 4 lbs. (1.81 kg)

Ramik bars

Kills Rats, Mice, and Meadow Voles*

as defined above, is prohibited. This product must not be applied directly to food or feed crops.

Burrow baiting with Ramik Bars is prohibited.

Do not sell this product in individual containers holding less than four (4) pounds of bait.

SELECTION OF TREATMENT AREAS: Determine areas where rats, mice, or meadow voles will most likely find and consume the bait. Generally, these areas are along walls, by gnawed openings, in or beside burrows, in corners and concealed places, between floors and walls, or in locations where rodents or their signs have been seen. Protect bait from rain or snow. Remove as much alternative food as possible.

APPLICATION DIRECTIONS: Each Ramik Bar consists of either a 12 oz. block scored so that it can be broken into 12 one-ounce pieces or a 16 oz. block scored so that it can be broken into 16 one-ounce pieces.

RATS*: Apply 4 to 16 one-ounce Ramik Bars per placement. Space placements at intervals of 15 to 30 feet in infested areas. Maintain an uninterrupted supply of fresh bait for at least 10 days or until there no longer are signs of new feeding by mice or meadow voles*.

MICE AND MEADOW VOLE*: Break Ramik Bars into discrete 1-ounce pieces. Apply one 1-ounce piece per placement. Space placements at 8- to 12-foot intervals. Placement of two 1-ounce pieces each may be needed at points of very high mouse or meadow vole* activity. Maintain an uninterrupted supply of fresh bait for at least 15 days or until there no longer are signs of new feeding by mice or meadow voles*.

FOLLOW-UP: Replace contaminated or spoiled bait immediately. Using waterproof gloves, collect and dispose of all dead, exposed animals and leftover bait properly. To discourage reinfestation, limit sources of rodent food, water, and harborage as much as possible. If reinfestation does occur, repeat treatment. Where a continuous source of infestation is present, establish permanent bait stations and replenish as needed.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in original container in a cool, dry place inaccessible to children and pets. Keep containers closed and away from other chemicals.

PESTICIDE DISPOSAL: Dispose of wastes resulting from the use of this product in trash or at an approved waste disposal facility.

PESTICIDE AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Plastic Containers: Triple rinse (or equivalent) then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, if permitted by state and local authorities. Do not burn unless allowed by state and local ordinances.

Paper Containers: Dispose of empty container by placing in trash, at an approved waste disposal facility, or by incineration, if permitted by state and local authorities. Do not burn unless allowed by state and local ordinances.

DISCLAIMER

To the extent permitted by applicable law, Seller makes no representation or warranty, either express or implied, for results due to misuse, improper handling, or storage of this material. Nor does Seller assume any responsibility for injury to persons, crops, animals, soil, or property arising out of misuse, improper handling, or improper storage of this material.

For non-emergency (e.g., current product information), Call: 1-800-621-8829
