A PREMIUM TURF WETTING AGENT

NON PLANT FOOD INGREDIENTS

ACTIVE INGREDIENTS:
50.0% .............................................................. Non-ionic polyols
50.0% .............................................................. Inert ingredients
100.0% .............................................................. TOTAL

ALWAYS OBSERVE AND FOLLOW LABEL RECOMMENDATIONS

KEEP OUT OF REACH OF CHILDREN

WARNING
May be harmful if swallowed
May be harmful in contact with skin
Causes eye irritation
Causes mild skin irritation
May be harmful if inhaled

IF SWALLOWED:
• Take off immediately all contaminated clothing. Rinse skin with water or shower.
• Get medical attention if irritation develops or persists.
• Wash contaminated clothing before reuse.

IF IN EYES:
• Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
• Call a poison control center or doctor for treatment advice.

IF INHALED:
• Move person to fresh air and keep at rest in a position comfortable for breathing if they feel unwell.
• If not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
• Call a POISON CENTER or doctor for treatment advice.

INERT INGREDIENTS

CONTAINER DISPOSAL:
Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading and add rinse water to spray tank. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

GENERAL INFORMATION

Soaker® Plus is a proprietary blend of biodegradable nonionic polyol surfactants designed especially for the treatment of LDS (localized dry spot), wet spots, and other water concerns in turf management. Soaker® Plus is designed to be safe for applications to new or existing turf and improves the uniform movement of water into the root zone of soils. Furthermore, the unique formulation of Soaker® Plus is not harmful to animals when used as recommended. Soaker® Plus can be safely applied in the spring and summer, even when environmental factors may impact turf quality. It can be applied prior to the activation of irrigation systems.

DIRECTIONS FOR USE

GOLF COURSES (Greens, Tees, and Fairways) AND ATHLETIC FIelds
For maintenance: Apply 4-8 ounces of Soaker® Plus per 1,000 square feet in 1 gallon of water. Reapply monthly, starting one month before the onset of stress conditions. Irrigate before next mowing, or leave baskets off to ensure that Soaker® Plus makes contact with soil. (Soaker® Plus does not need to be watered in immediately after application.)

Injection Rates: Inject Soaker® Plus directly into irrigation system at 1-3 gallons per acre on a monthly basis.

LAWS – GENERAL TURF
For maintenance: Apply 4-8 ounces of Soaker® Plus per 1,000 square feet in 1 gallon of water. Repeat at 4-8 ounces of Soaker® Plus per 1,000 square feet in 1 gallon of water on a weekly basis until problem is corrected. Reapply monthly as needed.

For curing stress problems: Apply 8 ounces of Soaker® Plus per 1,000 square feet in 1 gallon of water. Reapply weekly at 4-8 ounces per 1,000 square feet as necessary.

SEEDING
Soaker® Plus may enhance the uniform germination of turf seed by improving drainage and water availability in treated soils. Apply Soaker® Plus at 2 ounces per 1,000 square feet in 2 gallons of water to the surface of areas to be seeded.

SODDING
Apply 4-8 ounces of Soaker® Plus per 1,000 square feet in 2 gallons of water after laying the sod.

ORNAMENTAL RATES:
Media: 2-5 oz/Cubic Yard of Soil.
Drench: 7-10 oz/100 gallons of water or 2 gallons per acre, followed 4-6 weeks later with another application.

CONDITIONS OF SALE–LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale–Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded.

This label is believed to be reliable and must be followed carefully. Injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the "Company") or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind.

Disclaimer: Always refer to the label on the product before using Helena or any other product.
express or implied, concerning the product, including no implied warranty of
merchantability or fitness for any particular purpose, and no such warranty shall be
implied by law.
The exclusive remedy against the Company for any cause of action relating to the
handling or use of this product shall be limited to, at Helena Chemical Company’s
election, one of the following:
1. Refund of the purchase price paid by buyer or user for product bought, or
2. Replacement of the product used.
To the extent allowed by law, the Company shall not be liable and any and all claims
against the Company are waived for special, indirect, incidental, or consequential
damages or expense of any nature, including, but not limited to, loss of profits or
income. The Company and the seller offer this product and the buyer and user accept
it, subject to the foregoing conditions of sale and limitation of warranty, liability and
remedies.
