

STRIKE MAX™ ALACER™

ROACH GEL BAIT

Strike Max Alacer Roach Gel Bait targets predominant cockroach species including German, American, Australian, brown, smokybrown, Oriental, brown-banded and Asian.

- Contains the active ingredient Indoxacarb for maximum effectiveness
- Highly effective in both indoor and outdoor use
- Formulation that provides targeted control over gel-bait averse roaches
- Delays killing the roach so it returns to the harborage site, reducing infestation levels
