# 3.2. Mixture

| Name                                  | Product identifiers  | %/wt. |
|---------------------------------------|----------------------|-------|
| (Z9,E12)-9,12-Tetradecadienyl Acetate | (CAS No.) 30507-70-1 | <1%   |
| Z-9-Tetradecenyl Acetate              | (CAS No.) 16725-53-4 | <1%   |
| Other ingredients                     | NA                   | >98%  |

\*Active ingredients impregnated into natural rubber septa. Exposure potential to the active ingredients is minimal.

| SECTION 4: First aid measures          |   |
|--|---|
| 4.1. Description of first aid measures | 3   |
| Eye exposure                           | : Flush with water for 15 minutes. Seek medical help if necessary.                                    |
| Skin exposure                          | : Wash area well with water. Seek medical help if necessary.  |
| Inhalation                             | : Remove to fresh air. Give oxygen and call a physician.  |
| Ingestion                              | : Administer water and call a physician or poison control center immediately. Do not induce vomiting. |
| 4.2 Most important symptoms ar         | nd effects, both acute and delayed  |

| <b>4.2.</b> Ⅳ | lost important symptoms an | d effects, both acute and delayed |
|---------------|----------------------------|-----------------------------------|
| Symptom       | s/injuries                 | : No information available        |
| Risks         | -                          | : No information available        |
|               |                            |                                   |

**4.3.** Indication of any immediate medical attention and special treatment needed No additional information available

| SECTION 5: Firefighting measures                               |   |  |
|--|---|--|
| 5.1. Extinguishing media                                       |   |  |
| Suitable extinguishing media<br>Unsuitable extinguishing media | : Carbon dioxide (CO <sub>2</sub> ), foam, dry chemical<br>: High volume water jet (water contamination risk from runoff) |  |
| 5.2. Special hazards arising from                              | the substance or mixture  |  |
| Fire hazard  | : None  |  |
| Explosion hazard<br>Reactivity                                 | :Product is not explosive<br>:The product is stable at normal handling and storage conditions                             |  |
| 5.3. Advice for firefighters                                   |   |  |
| Firefighting instructions                                      | : Use standard firefighting procedures.   |  |
| SECTION 6: Accidental release measures                         |   |  |

| 6.1.   | Personal pro | ecautions, protective equipment and emergency procedures   |
|--------|--------------|--|
| Genera | l measures   | : Wear appropriate personal protective equipment (PPE): Eye<br>protection, and gloves. Sweep up or scoop up dispensers. Put in<br>appropriate container and dispose according to Local, State or<br>Federal regulations. |

# 6.1.1. For non-emergency personnel

| Protective equipment | : Not applicable |
|----------------------|------------------|
|----------------------|------------------|

# STORGARD® ALM Safety Data Sheet

## 6.1.2. For emergency responders

- Protective equipment : Not applicable
- **Environmental precautions** 6.2.

Not applicable

#### 6.3. Methods and material for containment and cleaning up

| Methods for cleaning up |                                | : Incineration or sanitary landfill in accordance with local, state, and federal regulations.  |  |
|-------------------------|--------------------------------|--|--|
| SECTI                   | ON 7: Handling and storage     |  |  |
|                         |                                |  |  |
| 7.1.                    | Precautions for safe handling  |  |  |
| Precau                  | tions for safe handling        | : Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. |  |
| 7.0                     | Conditions for safe storage in |  |  |

|                    | ige, including any incompatibilities                                      |
|--------------------|---|
| Storage conditions | : Store in tightly closed, original container. Store in a cool, dry place |
|                    | at a temperature below 40 °F. Keep separated from incompatible            |
|                    | substances. Keep out of the reach of children.                            |
|                    |   |

#### Specific end use(s) 7.3.

For use in insect monitoring traps.

SECTION 8: Exposure controls/personal protection

8.1. Personal protective equipment

Eye/Face Protection: Not normally required.

Skin Protection: Not normally required.

Respiratory Protection: Not normally required.

General Hygiene Considerations: Personal hygiene is an important work practice exposure control measure and the following general measures should be taken when working with or handling this material: 1) do not store, use and/or consume foods, beverages, tobacco products, or cosmetics in areas where this material is stored; 2) wash hands carefully before eating, drinking, using tobacco, applying cosmetics or using the toilet.

#### 8.2. **Exposure controls**

Exposure limits have not been established for any of the ingredients in this product.

# SECTION 9: Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties Physical state : Solid shapes : Red Color : Strong, grassy odor Odor : No data available Odor threshold pH (1%) : No data available Relative evaporation rate (butyl : No data available acetate=1) Melting point : No data available : No data available Freezing point Boiling point : Not applicable

# STORGARD® ALM Safety Data Sheet

| : Not applicable          |
|---------------------------|
| : No data available       |
| : No data available       |
| : Non-flammable           |
| : No data available       |
| : Insoluble in water      |
| : No data available       |
| : No data available       |
| : Not applicable          |
| : Not explosive           |
| : No oxidizing properties |
| : Not applicable          |
|                           |

#### 9.2. Other information

No additional information available

# SECTION 10: Stability and reactivity

#### 10.1. Reactivity

The product is stable at normal handling and storage conditions.

#### **10.2.** Chemical stability

Stable under normal conditions.

#### **10.3.** Possibility of hazardous reactions

No additional information available

# **10.4.** Conditions to avoid

Protect from excessive heat, sparks and open flame.

### 10.5. Incompatible materials

Acids, strong oxidizers

### **10.6.** Hazardous decomposition products

Hazardous decomposition products may be released during fire or exposure to extreme heat, including oxides of carbon and aromatic/aliphatic hydrocarbons.

# SECTION 11: Toxicological information

# 11.1. Information on toxicological effects

| Pheromone mixture         |               |
|---------------------------|---------------|
| LD50 oral rat             | Not available |
| LD50 dermal rabbit        | Not available |
| LC50 inhalation rat (4 h) | Not available |

| Irritation : No data available  |    |
|---|----|
| Corrosivity : No data available   |    |
| Sensitization : No data available                                       |    |
| Repeated dose toxicity : No data available                              |    |
| Carcinogenicity : Not listed as a carcinogen by IARC, NTP, OSHA, or ACG | iΗ |
| Mutagenicity : Not considered to be a mutagen                           |    |
| Toxicity for reproduction : Not considered a reproductive toxin         |    |

# **SECTION 12: Ecological information**

### 12.1. Toxicity

| Pheromone mixture                    |               |
|--------------------------------------|---------------|
| Fish (Rainbow Trout 96 hr.)          | Not available |
| Daphnia (48 hr.)                     | Not available |
| Acute toxicity to Honey bees         | Not available |
| Acute toxicity to Birds (acute oral) | Not available |

12.2. Persistence and degradability

Active ingredients readily degrade to carbon dioxide and water.

**12.3. Bioaccumulative potential** Does not bioaccumulate.

12.4. Mobility in soil

No additional information available

**12.5. Results of PBT and vPvB assessment** No additional information available

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved incineration or sanitary landfill in accordance with local, state and federal regulations.

Container disposal: Contaminated packaging material should be treated as the product. Do not reuse or refill this container.

**SECTION 14: Transport information** 

### Not Regulated by US DOT Not Regulated by Canadian TDG for ground shipment

In accordance with ADR / RID / IMDG / IATA / AND

### 14.1. UN number

Not applicable – Not a dangerous good with respect to transport regulations

**14.2. UN proper shipping name** Not applicable

**14.3.** Transport hazard class(es) Not applicable

**14.4.** Packing group Not applicable

**14.5.** Environmental hazards Other information

: No supplementary information available.

# STORGARD® ALM Safety Data Sheet

14.6. Special precautions for user

**14.6.1. Overland transport** Not regulated

**14.6.2. Transport by sea** Not regulated

**14.6.3.** Air transport Not regulated

14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code Not applicable

SECTION 15: Regulatory information 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

# 15.1.1. National regulations

# US EPA (FIFRA) Information:

SARA 313 Regulated Chemical(s): Not applicable

### Title III hazard classification:

Acute Health Hazard: No Chronic Health Hazard: No Fire: No Reactivity/Physical hazard: No Pressure: No

# **CERCLA/DOT Reportable Quantities (RQ)**

Not applicable

## **Canadian Regulatory Information:**

This product has been classified in accordance with the hazard criteria of the CPR and the MSDS contains all the information required by the CPR. WHMIS Classification: Not a WHMIS Controlled Product.

**SECTION 16: Other information**
