

SECTION 1: Product and Company Identification

1.1. Product Identifier

1.1.1. Product Name: Trécé Adhesive - Used for the following Trécé traps:

PHEROCON® VI DELTA CLEAN-BRAKE™ liners, PHEROCON Stink Bug STKY™ Dual Panel Adhesive Traps, PHEROCON SWD STKY Traps, PHEROCON Predator Traps, PHEROCON PEW Dual Panel Traps, STORGARD® III Traps

1.2. Other Means of Identification

1.2.1. Product Code: None

1.2.2. Synonyms: None

1.3. Recommended use of the chemical and restrictions use

1.3.1. Recommended Use: Hot Melt pressure sensitive adhesive

1.3.2. Uses advised against: No information available

1.4. Details of the supplier of the safety data sheet

1.4.1. Trece, Incorporated
7569 Hwy 28 W
PO Box 129
Adair, OK 74330
Phone: 1-(918) 785-3061
Email: custserv@trece.com
Website: www.trece.com

1.5. Emergency telephone number

1.5.1. Emergency Telephone: Chemtrec: 800-CHEMTREC

SECTION 2: Hazards Identification

2.1. Classification

2.1.1. OSHA Regulatory Status: While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

2.2. Label elements

2.2.1 Emergency Overview: None

2.2.2 Appearance: Off-white to amber solid

2.2.3 Odor: Resinous

2.3. Hazards not otherwise classified (HNOC)

Hot fumes may cause eye, skin or respiratory irritations

2.4. Other Information

Not applicable

2.5. Unknown acute toxicity

0% of the mixture consists of ingredient(s) of unknown toxicity

SECTION 3: Composition/Information on Ingredients

3.1. Substance

Not applicable

3.2. Mixture

The product contains no substances which at their given concentration, are considered to be hazardous to health.

SECTION 4: First Aid Measures

4.1. Description of first aid measures

General advice	: Immediate medical attention is not required. If symptoms persist, call a physician.
Eye contact	: Keep eye wide open while rinsing. Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. If symptoms persist, call a physician.
Skin exposure	: Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. If symptoms persist, call a physician. Wash contaminated clothing before reuse.
Inhalation	: Remove to fresh air. Get medical advice/attention if you feel unwell.
Ingestion	: Not likely in normal use. If swallowed, do not induce vomiting. Give 2 glasses of water (16 oz.) and contact a physician.
Self-protection of the first aider	: Use personal protective equipment as required.

4.2. Most important symptoms and effects, both acute and delayed

4.2.1 Symptoms: None known.

4.3. Indication of any immediate medical attention and special treatment needed

4.3.1 Note to physicians Treat symptomatically.

SECTION 5: Fire-Fighting Measures

5.1. Extinguishing media

Suitable extinguishing media	: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Dry chemical, CO ₂ , sand, earth, water spray or regular foam.
Unsuitable extinguishing media	: Do not use a solid water stream as it may scatter and spread fire.

5.2. Specific Hazards Arising from the Chemical

Thermal decomposition can lead to release of irritating and toxic gases and vapors.

Hazard combustion products : Carbon monoxide. Carbon dioxide (CO₂)

5.3. Explosion Data

5.3.1 Sensitivity to Mechanical Impact:	None
5.3.2 Sensitivity to Static Discharge:	None

5.4. Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

SECTION 6: Accidental Release Measures

6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions : No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.

Emergency Responders : If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable Materials. See also information in “personal precautions”.

6.2. Environmental Precautions

Environmental precautions : Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

6.3. Methods and material for containment and cleaning up

Small Spill : Stop leak if without risk. Move containers from spill area. Absorb with an inert material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.

Large Spill : Stop leak if without risk. Move containers from spill area. Use spark-proof tools and explosion-proof equipment. Approach release from upwind. Prevent entry into sewers, water courses, basements, or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g., sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13). Dispose of via a licensed waste disposal contractor. Contaminated absorbent material may pose the same hazard as the spilled product. Note: see Section 1 for emergency contact information and Section 13 for waste disposal.

SECTION 7: Handling and Storage

7.1. Precautions for safe handling

Advice on safe handling : Handle in accordance with good industrial hygiene and safety practice. Use personal protective equipment as required.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Keep container tightly closed in a dry and well-ventilated place.

Incompatible materials : Strong oxidizing agents. Strong acids. Strong bases.

SECTION 8: Exposure Controls/Personal Protection

8.1. Control parameters

Exposure Guidelines : This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

8.2. Appropriate engineering controls

Engineering Controls : Showers, Eyewash stations, and Ventilation Systems.

8.3. Individual protection measures, such as personal protective equipment

Eye/face protection : Wear safety glasses with side shields (or goggles).

Skin and body protection	: Wear protective gloves and protective clothing.
Respiratory protection	: Ensure adequate ventilation, especially in confined areas.
General Hygiene Considerations	: Handle in accordance with good industrial hygiene and safety practice.

SECTION 9: Physical and Chemical Properties

9.1. Information on basic physical and chemical properties

Appearance	: Off-white to amber solid
Odor	: Resinous
Odor Threshold	: Not determined

<u>Property</u>	<u>Values</u>
pH	: Not applicable
Melting Point/Freezing Point	: No information available
Boiling Point / Range	: No information available
Flash Point	: No information available
Evaporation Rate	: No information available
Flammability (solid, gas)	: No information available
Flammability Limit in Air	
Upper flammability limit	: No information available
Lower flammability limit	: No information available
Vapor Pressure	: No information available
Vapor Density	: No information available
Relative Density	: No information available
Water Solubility	: Insoluble in water
Solubility in other solvents	: No information available
Partition Coefficient	: No information available
Autoignition temperature	: Not determined
Decomposition temperature	: No information available
Kinematic viscosity	: No information available
Dynamic viscosity	: No information available
Explosive properties	: Not an explosive
Oxidizing properties	: Not applicable

9.2. Other information

Softening point	: No information available
Molecular weight	: No information available
VOC Content (%)	: No information available
Density	: No information available
Bulk density	: No information available

SECTION 10: Stability and Reactivity

10.1. Reactivity

No data available

10.2. Chemical stability

The product is stable.

10.3. Possibility of hazardous reactions

None under normal processing.

10.4. Conditions to avoid

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. Keep away from incompatibilities.

10.5. Incompatible materials

Strong oxidizing agents. Strong acids. Strong bases.

10.6. Hazardous decomposition products

Thermal decomposition can lead to release of irritation and toxic gases and vapors.

SECTION 11: Toxicological Information

11.1. Information on likely routes of exposure

11.1.1 Product Information

Inhalation	: Vapors from molten product might cause nose irritation.
Eye contact	: Vapors from molten product might cause eye irritation.
Skin contact	: Contact with molten material can cause burns.
Ingestions	: Based on available data, the classification criteria are not met.

11.3. Delayed and immediate effects as well as chronic effects from short and long-term exposure

Sensitization	: Not Available
Germ cell mutagenicity	: Not Available
Carcinogenicity	: Not Available
Reproductive toxicity	: Not Available
STOT - single exposure	: Not Available
STOT - repeated exposure	: Not Available
Aspiration hazard	: Not Available

SECTION 12: Ecological Information

12.1. Ecotoxicity

None Known

12.2. Persistence and degradability

Not Available

12.3. Bioaccumulation

Not Available

12.4. Other adverse effects

Not Applicable

SECTION 13: Disposal Considerations

13.1. Waste treatment methods

Disposal of wastes : Disposal should be in accordance with applicable regional, national and local laws and regulations.

Contaminated packaging : Do not reuse container.

SECTION 14: Transport information

DOT : Not regulated

TDG : Not regulated

IATA : Not regulated

IMDG : Not regulated

SECTION 15: Regulatory Information

The following information is provided based upon the best information at our disposal.

<u>Regulation</u>	<u>All Components Listed</u>
SARA Title III	No
Toxic Substances Control Act (TSCA)	Yes

SECTION 16: Other information

Disclaimer

The information provided in this Material Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
