Page: 1 er Printed: 01/31/2017 Revision: 11/29/2016 Supersedes Revision: 07/12/2016

(17-0-5)1. Product and Company Identification Product Code: 901753 TCS Growstar Talstar 0.069% + Fertilizer (17-0-5) **Product Name: Company Name:** Turf Care Supply Corp. **Phone Number:** 50 Pearl Road 1 (330)558-0910 Suite 200 Brunswick, OH 44212 Web site address: www.turfcaresupply.com Email address: regaffairs@tcscusa.com PERS **Emergency Contact:** 1 (800)633-8253 Information: Turf Care Supply Corp. 1 (330)558-0910 Fertilizer with Insecticide. Synonyms: 2. Hazards Identification Skin Corrosion/Irritation, Category 2 Serious Eye Damage/Eye Irritation, Category 1 Specific Target Organ Toxicity (single exposure), Category 1 Specific Target Organ Toxicity (repeated exposure), Category 1 Aquatic Toxicity (Acute), Category 3 Aquatic Toxicity (Chronic), Category 3 **GHS Signal Word:** Danger **GHS Hazard Phrases:** Causes skin irritation. Causes serious eye damage. Causes damage to organs Causes damage to organs through prolonged or repeated exposure.

Harmful to aquatic life.

Do not breathe dust.

Store in a secure location.

Harmful to aquatic life with long lasting effects.

Do not eat, drink or smoke when using this product. Wear appropriate personal protective equipment.

IF ON SKIN: Wash with plenty of soap and water.

IF exposed: Call a POISON CENTER or doctor/physician.

Dispose of contents/container to an appropriate disposal facility.

Do not handle until all safety precautions have been read and understood.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if

Obtain special instructions before use.

Wash hands thoroughly after handling.

present and easy to do. Continue rinsing.

Get medical attention/advice if you feel unwell. If skin irritation occurs, get medical advice/attention. Take off contaminated clothing and wash before re-use.

	5. Fire Fighting Measures
Flash Pt:	No data.
Explosive Limits:	LEL: No data. UEL: No data.
Autoignition Pt:	No data.
Suitable Extinguishing Media	For small fires, use dry chemical, carbon dioxide, or water spray. For large fires, use dry chemical, carbon dioxide, alcohol-resistant foam, or water spray.
Fire Fighting Instructions:	As in any fire, wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent), and full protective gear. Substance is noncombustible. Decomposes at high temperatures, resulting in toxic and corrosive products. Runoff from fire control or dilution water may cause pollution.
Flammable Properties and Hazards:	Most of the components of this product are non-combustible. However, a portion of them may support combustion at elevated temperatures.
Hazardous Combustion Products:	Thermal decomposition may result in the production of ammonia, formaldehyde, biuret, chlorine, cyanic acid, and cyanide, and oxides of carbon, nitrogen, phosphorus, potassium, sulfur, and chlorine, and oxides of alkaline earth metals, and certain heavier metals used as nutrients in fertilizer products, such as copper, iron, manganese, and zinc, and other toxic and irritating fumes and gases.
	6. Accidental Release Measures
Steps To Be Taken In Case Material Is Released Or Spilled:	Use proper personal protective equipment as indicated in Section 8. Spills/Leaks: Vacuum or sweep up material and place into a suitable disposal container. Avoid generating dusty conditions. Provide ventilation. Avoid runoff into storm sewers and ditches which lead to waterways. Do not let this product enter the environment except as directed on product label. Clean up spills immediately, observing precautions in the Protective Equipment section.
	Personal precautions. Use personal protective equipment. Avoid dust formation. Avoid breathing dust. Ensure adequate ventilation.
	Environmental precautions. Do not let product enter drains.
	Pick up and arrange disposal without creating dust. Keep in suitable, closed containers for disposal.
	PROCEDURES & PERSONAL PRECAUTIONS. Exercise appropriate precautions to minimize direct contact with skin or eyes and prevent inhalation of dust.
	Methods for cleaning up. Sweep up, place in a bag and hold for waste disposal. Avoid raising dust. Ventilate area and wash spill site after material pickup is complete.
	7. Handling and Storage
Precautions To Be Taken in Handling:	Use with adequate ventilation. Minimize dust generation and accumulation. Avoid contact with eyes, skin, and clothing. Avoid ingestion and inhalation. Wash thoroughly after handling. Use only in a well-ventilated area. Keep container tightly closed. Wash clothing before reuse.
	Provide appropriate exhaust ventilation at places where dust is formed.

	Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166.					
Wear appropr	iate protective gloves to preve	ent skin exposure. Wash	and dry hands.			
Wear appropriate protective clothing to prevent skin exposure. Choose body protection according to the amount and concentration of the dangerous substance at the work place.						
Facilities storing or utilizing this material should be equipped with an eyewash facility and a safety shower. Use adequate ventilation to keep airborne concentrations low. Use adequate general or local exhaust ventilation to keep airborne concentrations below the permissible exposure limits.						
Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday. Wash thoroughly after handling.

Regulatory Information:	This chemical is a pesticide product registered by the United States Environmental
	Protection Agency and is subject to certain labeling requirements under federal pesticion
	law. These requirements differ from the classification criteria and hazard information
	required for safety data sheets (SDS), and for workplace labels on non-pesticide
	chemicals. The hazard information required on the pesticide label is reproduced below
	The pesticide label also includes other important information, including directions for us
	KEEP OUT OF REACH OF CHILDREN
	CAUTION
	PRECAUTIONARY STATEMENTS
	Hazards to Humans (and Domestic Animals)
	Caution
	Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or
	clothing. Wash hands thoroughly with soap and water after handling and before eating,
	drinking, chewing gum, using tobacco or using the toilet.
