

TURF AND ALL LAWN APPLICATIONS

TCS GrowStar™ Green 6-0-0 + Micropak is a fertilizer solution containing Iron and Sulfur, as well as other necessary micro-nutrients to provide lawns with a deep, dark, long-lasting green and increase vigor necessary to overcome stresses due to traffic, insects, disease and frost.

TCS GrowStar™ GREEN can be added to spray solutions of herbicides to offset the discoloration associated with most herbicides. TCS GrowStar™ GREEN will also promote absorption by the weed, increasing the efficacy of herbicides. Use TCS GrowStar™ GREEN with non-selective herbicides such as Roundup to reduce the pH of the spray solution, which has been shown to increase the efficacy of weed elimination.

DIRECTIONS FOR USE:

TURF: Apply up to 16 oz. TCS GrowStar™ GREEN per 1000 sq.ft. of turf to correct severe deficiencies. As a maintenance rate, use 8 oz. per 1000 sq.ft. Mix 1/2 gallon in at least 100 gallons of water. If other fertilizer materials are added to the mixture, tip and leaf burn may occur. Testing of the solution total salts or burn potential may be necessary to prevent plant injury. Consult your local extension office for quidelines.

ORNAMENTALS: Mix 1 qt. per 100 gallons water for foliar application to woody ornamentals. TCS GrowStar™ GREEN is not recommended for flowers or succulent foliage. TCS GrowStar™ GREEN can be used as a liquid drench for correction of nitrogen or iron deficiencies. Use 1 qt. per 100 gallons water. TCS GrowStar™ GREEN is not recommended for regular use on ornamentals.

TEES AND GREENS: TCS GrowStar™ GREEN is excellent for use on greens and tees to maintain color and vigor.

Use alone or with spray materials for added convenience. Check compatibility with spray materials before use. Use 8 oz. per 1000 sq.ft. in at least 25 gallons water as a maintenance rate. Maximum rate of 16 oz. per 1000 sq.ft. in at least 25 gallons water to correct severe deficiencies.

Do not apply TCS GrowStar™ GREEN to dry or desiccated turf or plants. Do not apply during dry, windy conditions - the possibility of burning is greatly increased. Do not apply to walks, masonry or driveways. TCS GrowStar™ GREEN will stain concrete.

(!) WARNING - KEEP OUT OF THE REACH OF CHILDREN

Causes eye irrifation. Causes skin irritation. Harmful if inhaled. Harmful if swallowed. Wear protective gloves, safety eye ware and other clothing to prevent exposure. Wash thoroughly after handling. Avoid breathing vapors, furnes, and mist. Use only outdoors or in a well-ventilated area. Keep container tightly closed. IF ON SKIN: Wash with plenty of water. Take off contaminated clothing and wash before reuse. If skin irritation occurs, get medical advice/attention. IF IN EYES: Rinse cautiously, with plenty of water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor if you feel unwell. If medical advice is needed, have product container or label at hand. Dispose of contents by utilizing as directed on this label, or call your local solid waste agency for disposal instructions. If applicable, dispose of empty container, out of reach of children. Storage: Store in original container, out of reach of children.
