DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions.

IMPORTANT: Do not expose children to this product or use it for any purpose other than to control moles. To help prevent accidents:

1. Store product not in use in locations out of the reach of children and pets.
2. Follow all application directions and USE RESTRICTIONS on this label. Apply bait only in underground runways of moles. Keep pets out of treated areas. Do NOT use this product above ground.
3. Dispose of product container and unused or spoiled product as specified on label.

USE RESTRICTIONS: This product may only be applied at the use sites and by authorized users. DO NOT contaminate water, food or feed by storage or disposal. wash the outside of gloves before removing. As soon as possible, follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions are available, wash PPE with mild detergent and hot water. Keep and wash PPE instructions for washables, use detergent and hot water. Keep and wash PPE as indicated by health professional before using the PPE and change the clean clothing.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Wash the outside of gloves before removing. As soon as possible, follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions are available, wash PPE with mild detergent and hot water. Keep and wash PPE as indicated by health professional before using the PPE and change the clean clothing.

WORM

20 WORM SHAPED BAITS

This Product May Only be Used to Control Moles* in Manual, Below-Ground Applications.

KILLS MOLES

20 WORM SHAPED BAITS

CONTAINS 20 WORMS (100g)

3.5 OZ (100g)

MIMICS A MOLE'S NATURAL FOOD SOURCE, THE EARTHWORM

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. PESTICIDE STORAGE: Store only in original container in a cool, dry place inaccessible to children and pets. Keep containers closed and away from other chemicals.

PESTICIDE DISPOSAL: products resulting from the use of this product may be placed in trash or delivered to an approved waste disposal facility. CONTAINER HANDLING: Nonrefillable container. Do not re-use or refill this container. Offer for recycling, if available. Dispose of empty container by placing in trash, at an approved waste disposal facility or by incineration.

WARRANTY: To the extent consistent with applicable law, seller makes no warranty expressed or implied with respect to the quality or fitness for use or the manner in which such use and/or handling are contrary to label instructions.

RETURN 48 to 72 hours later and retreat all active tunnel systems.
MIMICS A MOLE'S NATURAL FOOD SOURCE, THE EARTHWORM

SCALOPUS AQUATICUS

DIRECTIONS FOR USE

USE YOUR FINGER, SMALL WOODEN DOVEL OR A NARROW ROD TO PUNCTURE A HOLE IN THE TOP OF SUBSURFACE RUNWAYS. BE CAREFUL NOT TO CRUSH RUNWAYS. MARK OPENED RUNWAYS AND REVISIT THEM 48 TO 72 HOURS LATER. RUNWAYS THAT HAVE HAD HOLES RESEALED WITHIN 72 HOURS SHOULD BE BAITED.

• Call a poison control center, doctor, or 1-877-854-2494 immediately for treatment advice.

IF SWALLOWED:
• Have person sip a glass of water if able to swallow.

• Carefully reseal the runway with a small amount of dirt to exclude light. Repeat bait application every 5 to 10 feet of each active subsurface runway.

DETERMINING BAITING RESULTS:

Five (5) to 7 days after bait application, check for mole activity using the same procedure for determining initial activity. Return 48 to 72 hours later and retreat all active runs.

EFFECTIVE AGAINST MOST COMMON MOLE SPECIES

READY TO USE

Contains the nerve poison Bromethalin. This is not an anticoagulant type rodenticide. For humans or animals ingesting bait and/or showing poisoning signs (such as muscle tremors, loss of hind limb use, or seizures for animals), limit absorption by either vomiting or gastric lavage. Sublethal symptoms, if present, would be the result of oral emulsions and should be treated accordingly through administration of an oral choline and corticosteroid.

KEEP OUT OF REACH OF CHILDREN

CAUTION:

Do not expose children to this product or use it for any purpose other than to control moles. To help prevent accidents:

1. Store product not in use in locations out of the reach of children and pets.

2. Follow all application directions and USE RESTRICTIONS on the label. Apply bait only in underground runways of moles. Keep pets out of treated areas. Do NOT use this product above ground.

3. Dispose of product container and unused or spoiled product as specified on label.

USE RESTRICTIONS: This product may only be applied at the use sites and by the application methods indicated on this label.
