For USE ON TURFGRASS, LANDSCAPE BEDS AND OUTDOOR NURSERY SITES FOR CONTAINERIZED ORNAMENTAL PLANTS

GENERAL PRECAUTIONS AND INSTRUCTIONS
- Always wear protective clothing and use appropriate equipment during application and handling. Avoid contact with granules. Avoid breathing dust.
- Do not apply to pastures or grazing lands.

GENERAL INFORMATION
Apply TopChoice® Insecticide to control Imported Fire Ants Solenopsis spp. in turfgrass and landscape beds in accordance with the application rate table.
Compatibility studies with other pesticides, fertilizers, and other biologically active materials have not been completed. Do not apply in combination with other materials.
No phytotoxic response on any turfgrass species has been observed to date.

SPECIFIC USE DIRECTIONS

BROADCAST TREATMENT
This product can only be used in the USDA APHIS Imported Fire Ant Quarantine areas within the following states and Puerto Rico:

Alabama  Nevada  Ohio  Oklahoma  South Carolina  Tennessee
Arkansas  New Mexico  Oregon  Pennsylvania  South Dakota  Texas
California (Coachella Valley Only)*  Florida  South Dakota  Utah  Virginia
Louisiana  Washington  Wisconsin

Before using this product, refer to the USDA APHIS Imported Fire Ant Quarantine web site:
http://www.aphis.usda.gov/plant_health/plant_pest_info/fireants/downloads/fireant.pdf or search the APHIS web site by zip code to determine if the area to be treated is located within the APHIS Imported Fire Ant Quarantine area.
http://www.aphis.usda.gov/plant_health/plant_pest_info/fireants/fireantquery.php. If the zip code for the area to be treated does not appear in the APHIS Imported Fire Ant Quarantine zone, you must notify and consult with the county’s extension agent prior to treating.
Consult your State or Federal plant protection inspector, or your county agent for assistance regarding exact areas under regulation and requirements for moving regulated articles.
In areas within the prescribed buffer zone for estuarine or fresh bodies of water as stated in the Environmental Hazards section of this label, applicators may use Maxforce® FC Fire Ant Bait (EPA Reg. No. 432-1433). Refer to the Maxforce FC Fire Ant Bait label for application information.
Make application with broadcast equipment that is capable of applying 87 lbs of product/A.
Do not apply more than 1 application per year of 87 lbs of product/A. Two applications (87 lbs/A per application) may only be used on sodfarms within the USDA APHIS Quarantine areas. Do not make more than one application per year of 0.0125 lbs fipronil/A. Two applications of 0.0125 lbs of fipronil/A may only be used on sodfarms within the USDA APHIS Quarantine areas.
Calibrate and adjust equipment prior to application to ensure that the proper rate of product will be applied.

*California: This product can only be used in the Coachella Valley. Applications can only be made from April through September.
The primary purpose of this product is for Imported Fire Ants Solenopsis spp. control.
FIRST AID

If on Skin or Clothing:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

If Swallowed:
• Call a poison control center or doctor immediately for treatment advice.
• Have a person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by a poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

If in Eyes:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

NOTE TO PHYSICIAN: There is no specific antidote. All treatment should be based on observed signs and symptoms of distress in the patient.

ACTIVE INGREDIENT:
Fipronil: 5-amino-1-(2,6-dichloro-4-(trifluoromethyl) phenyl)-4-((1,R,S)-(trifluoromethyl)sulfinyl)-1-H-pyrazole-3-carbonitrile ....................................................................................................................................0.0143%

CAUTION
HAZARD TO HUMANS AND DOMESTIC ANIMALS

Obtained by Global Safety Management, 1-813-435-5161 - www.GSMSDS.com

This pesticide is toxic to birds, fish, aquatic and estuarine (tidewater dwelling) invertebrates. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Cover, incorporate or clean up granules that are spilled. Do not contaminate water when disposing of equipment washwater or rinsate. Do not apply within 15 feet of bodies of fresh water: lakes, reservoirs, rivers, permanent streams, marshes, natural ponds, and commercial fish ponds. A 15 feet buffer of uniform groundcover must exist between application zone and bodies of freshwater (uniform ground cover is defined as land which supports vegetation of greater than 2 inches throughout)

Do not apply within 60 feet of estuarine bodies of water. Estuarine water bodies are brackish, tidal water such as bays, mouths of rivers, salt marshes, and lagoons.

In order to reduce risk to birds, ensure that the application is spread evenly over the treatment area.

Florida Applications:
Do not use this product within 500 feet of areas occupied by the threatened Florida scrub jay, bluetail mole skink, or sand skink. In addition, for the protection of the threatened bluetail mole skink and sand skink, apply only to turf grass and allow at least a 30-foot untreated buffer of turf grass when adjacent to scrub habitat (i.e., xeric upland) in the following counties: Highlands, Lake, Marion, Orange, Osceola, Polk, and Putnam. For guidance, consult the Florida Department of Agriculture and Consumer Services.

AGRICULTURAL USE REQUIREMENTS

Use this product in accordance with its labeling and with the Worker Protection Standard, 40 CFR 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notifications to workers and restricted-entry intervals.

The requirements in this box only apply to sodfarms uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 24 hours.

Use this product in accordance with its labeling and with the Worker Protection Standard, 40 CFR 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notifications to workers and restricted-entry intervals.

The requirements in this box only apply to sodfarms uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 24 hours.

Non agricultural use requirements:

The requirements in this box apply to uses of this product that are not within the scope of the Worker Protection Standard (WPS) for agricultural pesticides (40CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries or greenhouses.

Always wear protective clothing and use appropriate equipment during application and handling. Avoid contact with granules. Avoid breathing dust.

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

RESTRICTED USE PESTICIDE

Read entire label before using this product.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE

Do not store in or around the home. Store unused product in original container only, out of reach of children and animals. NEVER TRANSFER THIS PRODUCT TO ANOTHER CONTAINER FOR STORAGE.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide is a violation of Federal law.

Contamination with this product will render water, food or feed unfit for human or animal consumption. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

IN CASE OF SPILL

Sweep up spilled granules, transfer to a marked container, and dispose of wastes on site or at an approved waste disposal facility.

CONTAINER DISPOSAL

Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or if allowed by State and local authorities, by open burning. If container is burned, stay out of smoke.
When treating for Imported Fire Ants, read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once.

LIMITATIONS OF LIABILITY:

OF THIS PRODUCT.

The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Bayer CropScience LP. All such risks shall be assumed by the user or buyer.

CONDITIONS:

By using this product, user or buyer accepts the following Conditions, Disclaimer of Warranties and Limitations of Liability.

BAYER CROPSCIENCE LP MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE, THAT EXTEND BEYOND THE STATEMENTS MADE ON THIS LABEL. No agent of Bayer CropScience LP is authorized to make any warranties beyond those contained herein or to modify the warranties contained herein. | Use for control of Imported Fire Ants Solenopsis spp. with an application to outdoor nursery sites prior to the placement of containerized plants onto the treated area.

- Do not apply to field grown nursery stock.
- Do not apply to bareground, hard and/or impervious surfaces e.g. concrete, asphalt, highly compacted soil surfaces, plastic film, or wood surfaces.
- Do not apply to areas where plants grown for food will be placed.
