

# TRIPLE SUPER- PHOSPHATE

## 0-40-0 BULB BOOSTER

### ENHANCES STEM STRENGTH AND FLOWER FORMATION AND SET.

**GUARANTEED ANALYSIS:**

Available Phosphate (P<sub>2</sub>O<sub>5</sub>)..... 40%  
Chlorine not more than ..... 2.0%  
Derived from: Superphosphate

**GUARANTEED BY:**

Southern Agricultural Insecticides, Inc.  
P.O. Box 218 Palmetto, FL 34220  
F672

**WARNING**

May cause serious eye irritation, skin corrosion/irritation, respiratory irritation.

Avoid breathing dust. Wash thoroughly after handling.

**If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

**If on skin:** Wash with plenty of water.

**If inhaled:** Remove person to fresh air.

## DIRECTIONS FOR USE

### DRY APPLICATION TO VEGETABLES AND ORNAMENTALS:

**AT OR BEFORE PLANTING:** 5 Lbs. per 200 square feet. Mix thoroughly with the soil before planting.

**VEGETABLES:** Apply at above rate. Four to six weeks after planting, side-dress with 1 lb. per 50 linear feet of row. Water thoroughly.

**BULBS OR SMALL PLANTS:** For deep color mix several tablespoonfuls with soil before planting. Set the bulb into place and cover with soil. Water thoroughly.

**IRIS, CRAPE MYRTLE, LILACS, PEONIES:** Should have an application of Superphosphate in early spring to strengthen stems and increase blooms. Use a light covering on ground six inches away from stems. Work into soil.

**CHRYSANTHEMUMS and DAHLIAS:** Use a sprinkling of Triple Superphosphate dug in lightly, as not to disturb roots near the surface.

**ROSES and SHRUBS:** Use 1/4 cup per plant. When planting, mix with soil used to fill around roots. For established plants, mix lightly into soil around plants. Avoid contact with stems. Water thoroughly.

**FRUIT TREES:** For each inch of trunk diameter apply 1 cup evenly under the canopy and slightly beyond. Apply in early spring or late fall.

**TOP DRESSING EXISTING PLANTS:** Use 1/4 to 1/2 cup per 20 square feet of area and work lightly into soil.
