

RECOMMENDED APPLICATION

Waste Lagoons: (i.e., poultry, swine and dairy operations; food processing plants). **Initial:** Apply Apply 2 gallons per surface acre of lagoon. **Maintenance:** Treat daily with one gallon per surface acre. **Automated Application Systems** are available through CXI. (972) 471-7775.

Poultry Operations: Apply 1-1.5 gallons/1000ft of housing space over the top of litter before bird placement. Rates can vary based on number of sets of birds before full cleanout. Spot treat when needed. Water can be used as a carrier. Repeat use before each bird placement for best results.

Compost Starter: (stacked animal waste, green waste, food waste and other compost material). Apply 8 to 16 ounces of WasteAway® per ton. Mix with water to achieve adequate moisture range of 45-60%. Apply early in the composting process.

For Residue Application: Apply directly to residue at a rate of 1 to 2 quarts per acre per 100 gallons of water. Apply as soon after harvest as possible.

For Best Results:

- Ensure tank is free of residue, if using chlorinated water, let tank sit for 24 hrs (with lid removed) before mixing.
- Do not apply when a crop is severely stressed.
- May be mixed with herbicides.
- Clean sprayer and nozzles thoroughly with water or soap (do not use anti-bacterial) mixture.

Note: Storage temp (50-90 F). Mix with water. Due to the wide variety of uses and variations in severity of areas to be treated, specific application rates and procedures are best determined on a case by case basis. For assistance, please call CXI, LLC. (972) 471-7775.

- Use only as directed on the label.
- Shake well before using.
- Keep out of the reach of children.
- Eye Contact: Flush with water/call physician.
- Skin Contact: Exposure may result in dry skin. Rinse/Apply lotion.
- Ingestion: May cause nausea or vomiting. Seek immediate medical attention.
- In case of spills disperse with water, treat like surfactant or soap spillage.

WASTE AWAY^{OP}

INGREDIENTS

A broad and diverse population of live naturally occurring beneficial microorganisms: Bacillus sp., Pseudomonas sp., Arthobacter sp., Rhodococcus sp., Chlorobium sp., Cyanobacteria sp., Actinomycetes sp.

This product contains more than 10 million microorganisms per milliliter.

ENVIRONMENTALLY SAFE TOTALLY ORGANIC & NON-PATHOGENIC

NOTICE: Seller warrants that the product conforms to its biological description but makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Consumer assumes all risk of use of this material when such use is contrary to the label directions.
