Safety Data Sheet

Section 1: Identification

Product identifier

Product Name • Zoecon Zenprox Aerosol
Synonyms • 100505269; EPA Reg. No.: 2724-675; Premium Roach Spray
Product Description • White liquid aerosol spray.

Relevant identified uses of the substance or mixture and uses advised against

Recommended use • Insecticide.
Restrictions on use • Keep out of the reach of children. Avoid contact with skin, eyes and clothing. Keep away from heat, sparks and flame. Use in well ventilated area.

Details of the supplier of the safety data sheet

Manufacturer • Wellmark International
1501 E. Woodfield Road, Suite 200W
Schaumburg, IL 60173
United States
www.zoecon.com

Emergency telephone number

Manufacturer • 1-800-248-7763
Manufacturer (Transportation) • 1-800-424-9300 - CHEMTREC
Manufacturer (Transportation) • 1-703-527-3887 - CHEMTREC - Outside North America - Collect Calls Accepted

Section 2: Hazard Identification

United States (US)
According to: OSHA 29 CFR 1910.1200 HCS

Classification of the substance or mixture

OSHA HCS 2012 • Aspiration 1
                                 Flammable Aerosols 2
                                 Specific Target Organ Toxicity Single Exposure 3: Narcotic Effects
                                 Eye Mild Irritation 2B

Label elements

OSHA HCS 2012

DANGER
Hazard statements • Flammable aerosol
May cause drowsiness or dizziness
May be fatal if swallowed and enters airways
Causes eye irritation

Precautionary statements
Prevention • Use only outdoors or in a well-ventilated area.
Avoid breathing dust, fume, gas, mist, vapors and/or spray.
Do not spray on an open flame or other ignition source.
Keep away from heat, sparks, open flames and/or hot surfaces.
- No smoking.
Pressurized container: Do not pierce or burn, even after use.
Wear protective gloves/protective clothing/eye protection/face protection.
Wash thoroughly after handling.

Response • IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a
poison control center or doctor if you feel unwell.
Call a POISON CENTER or doctor/physician if you feel unwell.
IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.
Do NOT induce vomiting.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses,
if present and easy to do. Continue rinsing.
If eye irritation persists: Get medical advice/attention.

Storage/Disposal • Protect from sunlight. Do not expose to temperatures exceeding 50ºC/122ºF.
Dispose of content and/or container in accordance with local, regional, national, and/or
international regulations.
Store locked up.
Store in a well-ventilated place. Keep container tightly closed.

Other hazards
OSHA HCS 2012 • This product is extremely toxic to aquatic organisms, including fish and invertebrates.
Standard), this product is considered hazardous.

Section 3 - Composition/Information on Ingredients

Substances • Material does not meet the criteria of a substance according to United Nations
Globally Harmonized System of Classification and Labeling of Chemicals (GHS)

Mixtures

Section 4: First-Aid Measures

Description of first aid measures

Inhalation
- IF INHALED: If breathing is difficult, remove person to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

Skin
- IF ON SKIN: Wash with plenty of soap and water. Get medical attention if symptoms occur.

Eye
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison control center or doctor for treatment advice.

Ingestion
- IF SWALLOWED: Aspiration hazard - do NOT induce vomiting. Call a poison control center or doctor immediately for treatment advice.

Most important symptoms and effects, both acute and delayed
- Aspiration hazard, may cause dizziness or drowsiness if inhaled, causes eye irritation. Refer to Section 11 - Toxicological Information.

Indication of any immediate medical attention and special treatment needed
- Contains petroleum distillate vomiting may cause aspiration pneumonia. Treat symptomatically and supportively.

Notes to Physician
- Contains petroleum distillate vomiting may cause aspiration pneumonia. Treat symptomatically and supportively.

Section 5: Fire-Fighting Measures

Extinguishing media

Suitable Extinguishing Media
- LARGE FIRE: Water spray, fog or regular foam.
- SMALL FIRES: Dry chemical, CO2, water spray or regular foam.

Unsuitable Extinguishing Media
- Avoid heavy hose streams.

Firefighting Procedures
- Flammable aerosols exposed to high temperatures may rupture, rocket and cause secondary hazards.
- As an immediate precautionary measure, isolate spill or leak area for at least 50 meters (150 feet) in all directions.

Special hazards arising from the substance or mixture

Unusual Fire and Explosion Hazards
- At temperatures above 130°F, container may rupture. Flammable aerosols exposed to high temperatures may rupture, rocket and cause secondary hazards.

Hazardous Combustion Products
- Thermal degradation may produce oxides of carbon, oxides of nitrogen and/or volatile hydrocarbon vapors.

Advice for firefighters
- Wear positive pressure self-contained breathing apparatus (SCBA).

Section 6 - Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Personal Precautions
- Approach leaking or punctured pressurized containers cautiously. Isolate leaking container from all sources of ignition. Avoid breathing fumes. Ventilate enclosed areas.

Emergency Procedures
- ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate area). Avoid unnecessary personnel and equipment traffic in the spill area. Turn off electric power to area. As an immediate precautionary measure, isolate spill or leak area for at least 50 meters (150 feet) in all directions. Stay upwind. Ventilate closed spaces before entering.

Environmental precautions
- Avoid run off to waterways and sewers.

**Methods and material for containment and cleaning up**

**Containment/Clean-up Measures**
- Keep away from fire, sparks and heated surfaces.
- SMALL SPILLS: Take up with sand or other non-combustible absorbent material and place into containers for later disposal.

**Section 7 - Handling and Storage**

**Precautions for safe handling**

**Handling**
- Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Do not smoke while using this product. Do not allow product to freeze. Contents under pressure, do not crush, puncture or incinerate. Avoid breathing fumes.

**Conditions for safe storage, including any incompatibilities**

**Storage**

**Incompatible Materials or Ignition Sources**
- Heat, sparks, open flame.

**Section 8 - Exposure Controls/Personal Protection**

**Control parameters**

**Exposure controls**

**Engineering Measures/Controls**
- Use adequate ventilation to remove vapors (fumes, dust etc)

**Personal Protective Equipment**

**Pictograms**

**Respiratory**
- In case of insufficient ventilation, use NIOSH approved respiratory protection.

**Eye/Face**
- Wear safety goggles.

**Hands**
- Wear appropriate gloves.

**Skin/Body**
- If prolonged exposure is anticipated, it is recommended for handlers to wear appropriate clothing to prevent skin contact.

**Environmental Exposure Controls**
- No data available

**Other Information**
- See product label for specific use PPE instructions.

Section 10: Stability and Reactivity

Reactivity

- No data available

Chemical stability

- No data available

Possibility of hazardous reactions

- Flammable, aerosols exposed to high temperatures may rupture, rocket and cause secondary hazards.

Conditions to avoid

Incompatible materials

- Heat, strong acids, strong bases and oxidizing agents.

Hazardous decomposition products

- Hazardous decomposition may occur when heated producing oxides of carbon and nitrogen, volatile hydrocarbon vapors.

Bioaccumulative potential
- No data available

Mobility in Soil
- No data available

Other adverse effects
Potential Environmental Effects
- Extremely toxic to fish and aquatic invertebrates.

Section 13 - Disposal Considerations

Waste treatment methods

Product waste
- Dispose of content and/or container in accordance with local, regional, national, and/or international regulations. Do not allow entry into storm drains, drainage ditches, gutters or surface waters.

Packaging waste
- Dispose of content and/or container in accordance with local, regional, national, and/or international regulations. Do not puncture or incinerate. Nonrefillable container. Do not reuse or refill container. See product label for container disposal instructions.

Section 15 - Regulatory Information

Safety, health and environmental regulations/legislation specific for the substance or mixture

SARA Hazard Classifications

- SARA Title III Section 313

FIFRA – Pesticide Labeling

This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.

CAUTION

Precautionary Statements

KEEP OUT OF THE REACH OF CHILDREN.

Hazards to Humans and Domestic Animals

CAUTION PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS CAUTION Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Repeated exposure to etofenprox can cause skin irritation. Personal Protective Equipment (PPE): Applicators and other handlers must wear • Long-sleeve shirt, • Long pants, • Shoes and socks User Safety Requirements Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

First Aid

IF IN EYES Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice. IF SWALLOWED: Immediately call a poison control center or doctor for treatment advice. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give ANY liquid to the person. Do not give anything by mouth to an unconscious person.

Environmental Hazards

This product is extremely toxic to aquatic organisms including fish and aquatic invertebrates. Do not contaminate water when disposing of equipment washwaters or rinsate. See directions for use for additional precautions and requirements.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting.
